

ITL CELEBRATES RAKSHA BANDHAN

Title of the activity	Raksha Bandhan
Date of the activity	16 August 2024
Organized by	ITL Public School
Participated by	Students of Classes I - X
Facilitators	Class Teachers and Coordinators
SDGs Incorporated	SDG 4 Quality Education

“Rakhi is not just a thread of protection; it's a symbol of love, trust, and a reminder that we all have a role in nurturing a more compassionate and socially aware world.”

On the special occasion of Raksha Bandhan, ITL Public School organized a series of enriching activities on 16 August 2024 for Classes I-X, thoughtfully blending tradition with social awareness.

For Classes II-V, a vibrant Rakhi-making workshop unleashed the creative talents of our young learners. Using colorful materials like quilling paper, satin ribbons, and decorative items, students crafted exquisite rakhis dedicated to our brave soldiers. These handmade rakhis were sent to soldiers as a heartfelt gesture of appreciation for their unwavering dedication to protecting our nation. To add to the festivities, students also made delicious coconut laddoos and beautifully decorated thalis.

Classes VI-VIII engaged in activities that deepened the significance of Raksha Bandhan. Class VI students participated in the "Sibling Appreciation Wall," where they penned heartfelt notes for their siblings or loved ones. These notes were displayed on a large chart paper, creating an emotional tribute that strengthened familial bonds. Class VII designed "Rakhis with a Cause," advocating for social issues like environmental conservation and gender equality through meaningful messages. Meanwhile, Class VIII honored women protectors by creating collages that highlighted the contributions of women in various protective roles, broadening their understanding of protection and recognizing the vital role women play in safeguarding the nation.

Class IX students took part in the "Souvenir of Love" activity, where they crafted pocket-sized books from recyclable paper, decorated with waste materials. In these books, they recorded memorable moments of love and sacrifice shared with their siblings. Class X engaged in the "Sentinel String" activity, where they designed logos and wrote messages of gratitude for those who contribute immensely to our society, such as doctors and environmentalists.

As we reflect on this special day, let us continue to strengthen our relationships, just as the thread of Rakhi symbolizes the unbreakable bond of love and protection.
