

## **WORKSHOP ON EXPLORING GEOGRAPHY AS A CAREER OPTION**

**CLASS: X- XII**

**DATE: 13<sup>th</sup> MAY 2024**

**"Geography is the compass to the future, for tomorrow belongs to those who explore it today."**

ITL Public School hosted an enlightening orientation session on the exciting prospects of pursuing 'Geography as a career option' on May 13th, 2024,

The session was conducted by two renowned experts from the Department of Geography, Shyama Prasad Mukherji College for Women, University of Delhi, Dr. Praveen Kumar and Ms. Ekta Raman. The workshop sparked enthusiasm and curiosity among attendees, inspiring them to consider Geography as a viable subject option for paving their way in UPSC, GIS, Remote Sensing etc. Participants gained knowledge on paving their way to chart their educational journey in Geography.

Through insightful discussions, participants learned about the subject's growing significance in addressing global challenges and its potential to lead to fulfilling careers. The session offered practical guidance on how students can pursue Geography as a subject, sparking curiosity and providing clarity on how to build successful pathways in the field. The event left students motivated to explore Geography beyond the classroom, envisioning it as a powerful tool for shaping the future.
