

ECO CLUB ACTIVITY REPORT SESSION - 2024-2025

Name of the Activity : Best out of Waste: Pen Stand
Day & Date : Wednesday, 28 August 2024
Class : IV
Activity Incharge : Ms. Pramila Bisht

A Glimpse of the Event

Objectives:

- Foster a sense of responsibility towards the environment by emphasizing the importance of recycling and upcycling..
- Stimulate innovative design thinking by challenging students to create something new and functional from discarded materials.
- Encourage students to adopt sustainable practices by showing them how everyday waste can be repurposed into valuable resources.

"From discarded fragments, we weave the fabric of innovation—turning waste into wonders, and creativity into a brighter, sustainable future." —Anonymous

MBS International School conducted an Inter class activity for the students of Class IV on 28 August 2024 in the school premises. The objective was to inspire students to creatively transform recycled materials into functional items, fostering both environmental consciousness and innovative thinking. This activity highlighted the value of sustainability through practical application. The activity encouraged environmental responsibility and creativity among students and left them with a sense of pride in their ability to make a positive impact.

Parameters/ Judgment criteria

- Originality and creativity in material use
- Practicality and functionality of the pen stand
- Design innovation and aesthetic appeal
- Craftsmanship and attention to detail

Result

S.No.	Name of the participant	Class and Section	Position
1	Umang Dhatwalia	IV Margosa	I
2	Fariha Fatima	IV Palm	II
3	Hunar Gahlot	IV Plumeria	III
4	Hemanya Soni	IV Gulmohar	III
