A Glimpse of the Event

Objectives: To enable the learners to

- use creativity to transform discarded items into useful or decorative objects showcasing their ability to think innovatively.
- explore the economic advantages of upcycling, such as cost savings and potential entrepreneurial opportunities.
- exhibit a greater understanding of ethical consumer choices and how upcycling contributes to a more sustainable lifestyle.

"If you care about the environment and how it will affect mankind then recycling shouldn't take a second thought". Jane Goodall

The upcycling drive at MBS International School was organized as part of our ongoing commitment to environmental sustainability and creative education. Held on 28 August 2024, the drive aimed to engage students in transforming discarded items into useful and decorative products, while raising awareness about the importance of reducing waste and promoting a sustainable lifestyle. Students were encouraged to bring in items such as old clothes, plastic bottles, cardboard, and other recyclable materials to showcase their upcycling creations. The students participated, gained hands-on experience in upcycling and learned about the environmental benefits of reducing waste. The drive was particularly successful in fostering creativity and practical skills. It diverted attention towards the practical benefits of upcycling and raised awareness among participants, encouraging them to adopt sustainable practices in their daily lives.
