

15th December, 2021

Queen's Valley School, Dwarka  
**MATHEMATICS MONTH (Class: VI)**  
**THE MYSTIQUE OF MATH - Elocution Competition**

***“The tree is made by Nature, mathematics by people. And combining the two is creating this beautiful alliance between humanity and nature. That’s why my forests are mathematical expansion systems, all of them,”***

- Agnes Denes

**Dear Parent**

Mathematics reveals hidden patterns that help us understand the world around us. It can help explain the way galaxies spiral, a seashell curves, pattern replicate, and rivers bend. So, let us bring our children’s attention towards it and motivate them to see the world around them in a mathematical way.

To encourage the students to showcase their knowledge and speaking skills, we, at QVS are organising a competition on the topic - **THE MYSTIQUE OF MATH - Elocution Competition** for class VI on 21st December, 2021 on MS Teams from 4 p.m. to 5 p.m. You are all invited to encourage the shortlisted participants via MS Teams Calendar.

Heartiest congratulations to all the short-listed students on being one of the finalists.
