Queen's Valley School, Dwarka
MATHEMATICS MONTH (Class: IX)
कबाड़ से जुगाड़- Miniature Math Model

**Often when you think you're at the end of something,
you're at the beginning of something else.**

-Fred Rogers

Dear Parent

Sustainable development is the need of the hour. The 5 Rs: Refuse, Reduce, Reuse, Repurpose and Recycle should be the mantra of our life to leave behind a better world for our next generation. We must refuse to buy non-recyclable items, reduce our waste, and most importantly, we must recycle. The whole world is waking up to this reality and the children of today are the ideal ambassadors to promote this concept and put this into practice.

The students of QVS are always encouraged to think innovatively and derive the best out of waste is another step in that direction. You all are cordially invited to be a part of Miniature Math Model competition for Class IX on **Friday, 24th December 2021 on MS Teams from 4:00 pm to 5:00 pm**. Students should put on display their self-created models made out of waste materials and adhering to **SDG 12 (Responsible Consumption and Production)**. You are invited to attend the event via MS Teams Calendar and motivate the participants wholeheartedly.

Here's wishing heartiest congratulations to all the finalists. Keep up the spirit and reach for the stars!
