**MATHEMATICS MONTH (Class: III)**  
**GAMES OF VERSES - Mathematical Poems**

*Pure mathematics is, in its way, the poetry of logical ideas.*

— Albert Einstein

Dear parent

Mathematics is about wonder, fun and creativity whereas poetry is the highest form of expression. Integration of Mathematics with poetry would develop math skills and confidence in the students by giving them an opportunity to recite in front of their peers.

To encourage the students to showcase their Mathematical creativity through the medium of poem recitation, we, at QVS are organising a competition on the topic **GAMES OF VERSES - Mathematical Poems** for class III, on 29<sup>th</sup> December 2021 from 4:00 to 5:00 pm. The event will take place on MS Teams, and you are cordially invited to encourage the shortlisted participants via MS Teams Calendar.

Heartiest congratulations to all the finalists.
