MATHEMATICS MONTH (Class: XI)
CLIMATE MATH- PowerPoint Presentation

Mathematics expresses values that reflect the cosmos, including orderliness, balance, harmony, logic and abstract beauty.

-Deepak Chopra

Dear Parent

Climate change is a real issue, and it is time we recognize it as such. Mathematics forms the basis of life as we know it. It is through the application of mathematical equations and functions that the severity of climate change was realized.

In order to make the students aware of how math can help in fighting climate change and what steps can be taken to achieve the SDG goal of Climate Action, we, at QVS, are organising PowerPoint Presentation competition for class XI on Monday, December 27, 2021 on MS Teams from 4:00 pm to 5:00 pm. You are invited to attend the meeting via MS Teams Calendar and encourage the participants.

Heartiest congratulations to all the finalists.
