The Good Samaritan Club of MBS International School conducted a meaningful activity titled “**Kindness Graffiti Wall**” with the theme of Gratitude for students of classes IV and V. The students were encouraged to reflect on the things they are grateful for in their lives. As part of the activity, they brought cutouts of hand shapes made from coloured paper. Each student wrote a personal message on their cutout expressing what they were thankful for.

These hand-shaped cutouts were then collectively pasted on the Gratitude Graffiti Wall, which was creatively prepared by the teacher and placed prominently in the classroom. The wall became a vibrant display of positive thoughts and appreciation, fostering a sense of community and kindness among the students. This activity allowed the children to express their gratitude and created a visual reminder of the significance of appreciating the positive aspects of life.
