

ITL PUBLIC SCHOOL OBSERVES
World Day to Combat Desertification and Drought

1.	Title of the activity	World Day to Combat Desertification and Drought
2.	Date of the activity	17 June 2024
3.	Organized by	ITL Public School
4.	Participated by	Students of Classes I - XII
5.	Facilitators	Class Teachers and Coordinators
7.	Description of the activity	<p>"Land degradation and desertification are not inevitable. Together, we can restore our lands and build a resilient future."</p> <p>Observing the World Day to Combat Desertification and Drought on June 17th is crucial for raising awareness about land degradation and water scarcity. This day emphasizes the importance of sustainable land management practices and highlights the impact of desertification on ecosystems and communities.</p> <p>By acknowledging World Desertification Day, we promote a global conversation and collective action towards combating desertification, preserving biodiversity, ensuring food security, and mitigating climate change. It underscores the interconnectedness of environmental, social, and economic issues and emphasizes the importance of sustainable practices that promote actions to safeguard our planet's future.</p> <p>#RestoreOurLand #ClimateAction #ResilientFuture #GlobalAction</p>
