"Empowered youth are the catalysts of positive change".

With an aim to promote digital awareness among youth which leads to sustainable development, ITL Public School observed International Youth day on 12th August 2024. Focusing on this year's theme, "From clicks to progress: Youth digital pathways for sustainable development", the young ITLeens were oriented to take charge of digital adoption and innovation as digitalization is transforming our world. They were informed that digitalization is offering unprecedented opportunities to accelerate sustainable development.

The students were also encouraged to contribute towards education, employment and social justice. The importance of technology was highlighted upon to bring about change and to create solutions so as to enable our youth to make positive contributions towards communities.
