

USE OF ARTIFICIAL INTELLIGENCE IN CLASSROOMS

DATE: 24 February 2024

VENUE: ITL Public School, Sector 9, Dwarka

CONDUCTED BY: Ms. Pooja Sachdeva, Ms. Vani Srivastava

One day CBSE capacity-building workshop on the topic "Use of Artificial Intelligence in Classrooms" was organized at ITL Public School on 24 February 2024.

The workshop featured Ms. Pooja Sachdeva and Ms. Vani Srivastava, both educators at ITL Public School, as resource persons. The workshop focused on best strategies for incorporating AI tools into classrooms, highlighting its transformative potential in redefining the learning journey.

A key highlight of the workshop was the interactive sessions where educators gave practical exposure to a variety of AI-based tools such as Slido, Quillbot, Duolingo, Padlet, and Kahoot.

It was a fun experience since everyone got to try out these tools and came up with new creative ways on how to integrate these persons within classroom activities.

Overall, the event contributed to advancing the knowledge and skills necessary for educators to thrive in the evolving landscape of educational technology
