

WORKSHOP ON CYBER SECURITY

DATE : 6 AUGUST 2019
VENUE : ITL PUBLIC SCHOOL
CONDUCTED BY : MR. RAKSHIT TANDON
ATTENDED BY : WHOLE ITL STAFF OF TEACHERS

Mr. Rakshit Tandon, a well-known face in the world of cyber crime, cyber security expert and consultant, an eminent personality holding significant positions in various cyber organisations, conducted an enthralling workshop on Cyber Security at ITL Public School on 6 August 2019. The session truly empowered the teachers with the importance of being self aware and spread awareness about the increasing cyber crimes in the world. The session was an awakening about the myriad ways of hacking, rendering anyone's data as unsafe in this technological world and easily making people fall prey to the foul play of hackers. Emphasizing on the judicious use of social media sites and maintaining the privacy settings strictly, by exposing the pictures and information to a closed circuit of people, one can safeguard oneself.

In the second half of the session, Mr. Tandon shared a few basic tips of keeping one cyber safe while using WHATSAPP, FACEBOOK, PAYTM, money transfer etc., and to spread the same knowledge to others also, especially young children. Specific doubts were taken up and explicitly clarified. This interactive session was indeed crucial for everyone's knowledge and safety. All the teachers felt indebted to Mr. Tandon for this fascinating eye-opening session and pledged to spread the awareness among the pupils in the school and neighbourhood too.

The WORKSHOP ended with the famous quote by the Resource Person:
Virtual World: It's not a game, it's your life, Stay Safe !
