

REPORT ON WORKSHOP ON TEACHERS TRAINING and WORLD ENVIRONMENT DAY 2019

Date	:	June 6 and 7, 2019
Theme	:	Chemistry and Environment
Venue	:	India International Centre, Lodhi Road, New Delhi
Organised By	:	The Climate Change Research Institute in collaboration with RSC
Conducted By	:	Dr. Malti Goel & Mrs. Vimala Oak
Attended By	:	Dr. Vaishali Mishra (HOD Chemistry)

A two days workshop based on the theme **Chemistry and Environment** on the occasion of **World Environment Day** was organized by the **Climate Change Research Institute** in collaboration with **RSC** on **June 6 and 7, 2019** in **India International Centre, Lodhi Road** in which 35 Schools of Delhi and NCR Region had participated.

The programme was inaugurated by **Dr. Malti Goel, President, Climate Change Research Institute** on the Theme-Chemistry and Environment with the topic- **“Climate Change and its Effect on Human Health.”** Session 1 was conducted by **Dr. V.K.Garg, ex CMD-Power Finance Corporation** and **Prof. G.D. Sharma, ex Seceretary UGC.**

The Next three Sessions –**“Moving Towards Active Learning Techniques”, “Chemical Reactions and Equations”** and **“The Particles Nature of Matter”** were conducted by expert teacher developers and highly experienced in teacher training, **Mrs. Vimala Oak.**

This training workshop explored a number of different activities learning techniques like **Dart, Tarsia Grids, Card Sorting, Concept Maps, Show Me Board** etc. and discussed the ways in which they can be implemented into our everyday teaching. The aim of this programme was to give teachers new tools for delivering engaging and effective chemistry lessons.

The workshop was indeed a great learning experience that has enriched everyone’s knowledge and rekindled active learning strategies.
