

Report on Awakened Citizen Programme (Year 3)

Date	:	10-11 May 2019
Venue	:	Ramakrishna Ashram
Organised By	:	Ramakrishna Mission
Conducted By	:	Educators from Ramakrishna Mission
Attended By	:	Ms. Shivali Bhasin

An insightful session of the Awakened Citizen Programme for class IX was designed to enable, inspire and ensure awakened citizens on a global platform. The modules for class IX emphasized on a detailed approach of how to awaken innate possibilities within which includes removing the barriers that prevents from awakening and how to adopt such practices. A peer learning demonstration for the module of 'Service' was given by two participant teachers on the second day.

The Awakened Citizen programme focused on aspects like self development, leadership, and personality development for students and teachers of educational institutions. The programme aimed at empowering the teachers with a unique methodology of making the students aware of the universal and individual possibilities of recognizing values inherent in them rather than creating new values for them. The third year emphasized on pathways to awaken our possibilities within which includes Discrimination, Service, Concentration and Focus, Same sightedness and many more. Through these pathways all universal possibilities are awakened on its own.
