

Capacity Building Workshop for Mathematics Class- X

- Date** : 19-20 July 2019
- Venue** : National Victor Public School
- Organized By** : CBSE
- Conducted By** : Ms. Ishita Mukherjee (CBSE Resource Person)
- Attended By** : Ms. Surabhi Pandey

A two day Capacity Building Programme for teachers teaching Mathematics to class X was organized by CBSE at National Victor Public school on 19 and 20 July 2019. Eminent educationists from CBSE, Ms. Ishita Mukherjee and Ms. Parveen Relan conducted the workshop.

The workshop aimed at finding strategies to interest the students towards Mathematics as a subject. The discussion also included identifying some common errors made while solving mathematical problems. Hands on activities were performed to generate interest of students and enhance their conceptual knowledge.

An insight into making of question paper using parameters of assessment was also given. The resource persons laid emphasis on concept building, problem solving and development of critical thinking skills among the students. Teachers were advised to create friendly environment in the classroom to help students combat fear, anxiety and stress related to the learning of Mathematics. It was indeed a motivating and enriching experience.
