“We have no special needs children.
Just children ..with special needs.”

ITL Public School organized a workshop for the Primary and Pre-Primary school teachers on August 2, 2014 on the topic ‘Children with Special Care’. It was conducted by Ms. Renu Joshi, Special Educator at ITL. Its focus was on the need to observe the learning behaviour in the children in the classroom situation taking into account the child’s vision, hearing, academic performance, motor abilities, social and emotional status. She updated the gathering with some of the indicators on the basis of which a child can be observed, analysed and helped. The teachers shared their classroom experiences and Ms. Renu guided them in dealing with them in the best possible way. It was indeed an emotional and enriching experience.
