

## **REPORT ON WORKSHOP 'ALIGN ECO-SCHOOLS TO THE GLOBAL PROGRAM'**

**Date** : **May 3, 2016**

**Venue** : **DAV Public School, Sec.6, Dwarka**

**Conducted By** : **Department of Biotechnology, Ministry of Science & Technology**

**Organized By** : **Indian Environmental Society**

**Attended By** : **Ms. Shikha Sikka**

The introduction to the workshop was given by Dr. B.C Sabat, Senior Scientific Officer, Department of Environment. The resource person was Dr. Deshbandu, President, Indian Environmental society. The national Wildlife Federation's Eco- Schools USA has partnered with the Global Learning and Observations to benefit the environment (GLOBE) program to integrate school sustainability and earth's system's observations, data collection, and action in an effort to protect and conserve wildlife and wild places.

Student action teams perform environmental audits, design and create action plans and work with the community to solve local real world environmental issues. They provide three day program for the teachers to become a GLOBE teacher and provide tool kit for research. The resource person discussed about seven steps to connect to the GLOBE program.
