

Two Days Workshop on Capacity Building Programme for Teachers on Teaching Class X - Mathematics

Date : 24th & 25th August 2018
Venue : Indraprastha International School
Conducted By : Ms. Ishita Mukherjee & Mr. Neeraj Saxena
Organized By : C.B.S.E

A Capacity Building Program on Mathematics for Class X was conducted by CBSE on 24th & 25th August 2018 at Indraprastha International School, Dwarka. The Resource persons, Ms. Ishita Mukherjee and Mr. Neeraj Saxena discussed different methodologies of teaching Mathematics in Class X.

There were 9 sessions spread over two days. The meaning and importance of constructivism and Bloom's Taxonomy were discussed in depth on the first day. The importance of innovative methods of teaching to overcome the child's phobia towards the subject was also stressed upon. The participants were actively involved and shared their own innovative ways of developing Lesson Plans, covering every topic from Class X syllabus. A few samples of lesson plans were also given to all the participants.

The second day of the workshop was even more stimulating as different activities and group discussions opened new doors of learning for the teachers. It focussed on common errors committed by students which may be categorized as conceptual errors and procedural errors. A small activity was done on the same. Giving importance to the individuality of every child, different strategies for diverse learners through lesson planning and teaching methodology were discussed.

It was a highly informative workshop as it helped in devising innovative methods to make Mathematics an interesting subject for students.
