

REPORT ON 'A CHEMISTRY WORKSHOP BY RACHNA SAGAR PVT LTD'.

Date : 10 August 2017

Venue : VIS, Sector 10, Dwarka

Organised By : VIS, Sector 10, Dwarka

Conducted By : Mr .R.P.Manchanda

Attended By : Ms. Pratishtha and Ms. Ruchi Sambher

A workshop on how to create collaborative, inquiry based learning environment in the classroom was organised at VIS. The resource person, who is known as a teaching legend in Chemistry, Mr R P Manchanda, author of several books and founder Principal shared his knowledge about the changing scenario in the classrooms and how important and challenging it has become to keep the "new age digital learner engaged" in the classroom. He demonstrated how visualisation and experimentation is an important tool in creating permanent learning impacts on students. He shared his experiences on how 'involvement' with students can lead to their 'evolvment'. An online test generation technique was also demonstrated. The participants were awarded with certificates and an autographed sample of the book authored by him.
