On 6 December 2014, Pragati Public School had organised a Hindi Language Workshop. The session commenced with Dr. Vinod Prason's melodious and mesmerising poems. In the workshop, there was a discussion on the technical teaching problems faced by teachers while teaching Hindi subject, especially grammar. The organisers shared their experiences to enlighten the teachers with several interesting ways of making their boring teaching pattern more attractive, henceforth driving more and more children's attention. Various oral and written activities were also discussed to arouse interest amongst the students. The workshop was brought to an end by Dr. Vinod Prason's mesmerising gazals.
