

EDUCATIONAL TRIPS: LEARNING BEYOND THE WALLS

A VISIT TO NATIONAL BAL BHAVAN

An Educational trip to National Bal Bhavan was organised by the school to promote learning by doing approach. It has also been proved that educational trips are an excellent way for incorporating knowledge into young minds. It was a different experience from classroom learning. Our students grasped the concept much faster. The method of learning through experience was different, that could be learn outside textbooks. This is done so that students can look into a particular topic from all possible perspectives enabling them to learn everything. This also helps students to learn and understand topics on their own without further explanations.
