Date: 9 August 2024

**Continuing the Green Initiative – Plant Trees for a Greener Future!**  
**Nursery - XII**

Dear Students

We would like to remind you of the **Green Initiative** launched during the summer vacation by our esteemed Chairman Sir. He initiated this noble cause to foster a deep sense of responsibility towards our environment. This initiative has already garnered enthusiasm and participation, and we encourage you to carry this momentum forward.

The **Green Initiative** is not just a campaign; it's a movement—a call to action for each of us to contribute to the environment by planting trees. Your participation will help in creating a healthier ecosystem and demonstrate our commitment to a sustainable future. **The task is simple: plant as many trees as you can and bring as many saplings as possible for our plantation drive on Monday, 12 August 2024.**

**Why to Continue Planting?**

1. **Be a Part of a Global Movement:** By planting trees, you are joining millions around the world in combating climate change and environmental degradation.
2. **Build a Greener Campus:** Help us transform MBS International School into a lush, green sanctuary for learning and growth.
3. **Develop Responsibility and Care:** Nurturing a tree is a powerful lesson in responsibility, care, and environmental stewardship—values that will benefit you and our community in the long run.

To ensure the success of our plantation drive, we continue to recommend the following Indigenous species, which are well-suited to our local environment. **However, feel free to choose any other species that you believe will thrive:**

- |                                    |  |
|------------------------------------|--|
| 1. Neem (Azadirachta indica)       | 5. Indian Trumpet Tree (Tabebuia rosea)        |
| 2. Indian Beech (Pongamia pinnata) | 6. Peepal (Ficus religiosa)                    |
| 3. Deodar (Cedrus deodara)         | 7. Indian Blackberry (Jamun) (Syzygium cumini) |
| 4. Banyan (Ficus benghalensis)     |  |

**In recognition of your efforts, we will be awarding prizes to those who contribute the most to this noble cause by bringing the maximum number of saplings.** The felicitation ceremony will be held at school, in the presence of important dignitaries. The prize details are as follows:

- **1st Prize:** ₹ 5100/-
- **2nd Prizes (3):** ₹ 3100/- each
- **3rd Prizes (5):** ₹ 1100/- each

**Let's Keep the Momentum Going!**

Let's continue to plant the seeds of change and nurture a sustainable future together. **We encourage you to take up this challenge with enthusiasm and determination by bringing as many saplings as possible, making MBS International School a beacon of environmental responsibility.**

**Together, we can make a lasting impact and inspire others to join the cause. Let's ensure that our school leads the way in propagating the values of environmental care, responsibility, and stewardship.**

Let's grow, let's give back to our planet!

Thank you for your continued support and enthusiasm.
