

CCD WORKSHOP
(GRADE IX)
SESSION: 2024 – 25

Workshop: Career Video Showcasing

Date: 29th August, 2024

Duration: 11:45 am – 12:45 pm

Resource Person: Mr. Rakesh Bhatia and Ms. Bhawini

Venue: School Auditorium

Content:

'Man's life is independent. He is born not for the development of the society alone, but for the development of his self.'

- B.R Ambedkar

A CCD Workshop on 'Career Video Showcasing' was organised by JM International School, Dwarka for the students of Grade IX on August 29, 2024. It was conducted by Mr. Rakesh Bhatia and Ms. Bhawini, who have a wide experience in Career Consultancy and Profile Building.

The interactive Career Workshop aimed to expose students to diverse career options by showing them a series of career videos each highlighting a unique profession and provide guidance on university selection and application processes. The workshop helped students to understand various opportunities, latest trends and factors which are needed to be considered before deciding the most suitable career path. The resource person also discussed about some online courses that offer a unique opportunity to have fun, learn new things and to embark on a great voyage of self-discovery. The workshop also included Q&A sessions of the students with CCD experts that further motivated them to explore their passions. At the end of the workshop, Mr. Rakesh extended an invitation to students to seek further guidance if required.
