# MBS SCHOOL OF PLANNING AND ARCHITECTURE

SEMINAR | SESSION III | AY 2023-24

## *Lighting and Acoustics*

### **BIO SKETCH OF SPEAKER**

Mr. K.L. Malhotra, with an illustrious career spanning 45 years, is a revered figure in engineering, broadcasting, and acoustics. Throughout his professional journey, he held the esteemed position of Deputy Director (Engineering) at the Ministry of Information and Broadcasting. He has been a trailblazer, earning five prestigious Akashvani National Awards for his groundbreaking research in acoustics and electro-acoustics. His contributions have not only advanced the understanding of sound engineering but have also garnered him recognition as a Life Fellow of the Acoustical Society of India.

In parallel to his government service, he also served as the Director of KLM Design India. His expertise extends beyond accolades, as evidenced by his pivotal role in shaping critical government spaces such as the Prime Minister's Cabinet Conference Room and the Parliament Library Complex through his consultancy in acoustic and AV design.

Furthermore, his impact resonates across academia and healthcare, with his expertise instrumental in designing auditoriums at esteemed institutions such as IIT Delhi, AIIMS Rishikesh, and others.

He continues to inspire the next generation with his knowledge and experience.
