“DIRECTIONS FOR TRAINING (Batch 2019-2024)”

Date: 10th June 2023

Organized by – TP CO-ORDINATORS

TRAINING IS A PART OF CURRICULUM. An experience that enhance a student's academic, career, and personal Development. The orientation session organized by Training and Placement cell co-ordinators on ‘**DIRECTIONS FOR TRAINING**’ was of short duration but very effective for the fourth year batch students applying for internship. The aim of session was to explore the challenges faced by students in the three main stages of training period which are Pre- Internship, During Internship and Post internship and how to overcome the same.

The Brain storming session ended successfully by concluding benefits of internship period in their career, the all necessary documents required and make them understand the importance of professional and behavior ethics during internship. Following good behavior and professional ethics will help to assure that students will maximize their internship experience; it will also serve as a reflection of their commitment and Professionalism.

Practice Mock Interviews

The practice mock interview session for all the students were held for the following benefits

- 1. Improved confidence and reduced anxiety**
- 2. Develop confidence in presenting design work and ideas**
- 3. Improve communication skills for effective client and team interactions.**
- 4. Enhance ability to articulate design decisions and processes**
- 5. Prepare for common architecture interview questions**
- 6. Practice responding to technical and design-based questions**
