**A Glimpse of the Event**

**Objectives:**

To enable the learners to

- understand basic principles of floral design such as colour theory, symmetry, balance, and proportion.
- express their creativity by designing unique floral arrangements using various flowers, foliage, and accessories.
- work together in small groups, sharing ideas and tasks to create a cohesive floral arrangement.

**"Flowers are the alphabet of angels, whereby they write on the hills and fields mysterious truths."  
– Benjamin Franklin**

To nurture creativity, teamwork, and an appreciation for the art of floristry, MBS International School organised an **Artificial Floristry Decoration Competition** on 23 October 2024. The event aimed to engage students in creating beautiful floral arrangements using artificial flowers, combining artistic expression with technical skills. The competition provided students with the opportunity to showcase their creative talents while promoting a sense of environmental consciousness by using sustainable materials. The competition was open to students of Grade 7<sup>th</sup> and participants worked in a team of 2. Each team brought the required materials like a set of artificial flowers (self-made), vases, and decorative materials like ribbons, pebbles, and faux leaves. The students were required to complete their designs within the limited time frame. Students produced an array of floral designs, ranging from traditional symmetrical arrangements to modern, abstract creations. The use of artificial flowers allowed for a diverse variety of designs without concerns about wilting or damage.
