### **A Glimpse of the Event**

#### **Objectives:**

- To cultivate a sense of curiosity and wonder about the natural world, inspiring further exploration and learning.
- To encourage critical thinking and problem-solving skills, allowing participants to evaluate evidence and draw conclusions based on data.

"All truths are easy to understand once they are discovered; the point is to discover them."

**Galileo Galilei:**

An Enactment of a scientist competition was organised for the students of Class IX by the Eureka Club at MBS International School, Dwarka, New Delhi on 6 November 2024 in the school premises, with a motive to create interest and awareness about scientific discoveries .

Students showcased their knowledge and critical thinking skills through a variety of hands-on experiments, allowing them to explore the principles of scientific inquiry. Each participant presented not only their experiments but also the underlying concepts and historical context of the discoveries they were highlighting.

This platform not only encouraged students to delve deeper into scientific research but also helped them appreciate the impact of scientific advancements on our daily lives. The competition proved to be an enriching experience, inspiring a new generation of young scientists.
