

Delhi Public School, Maruti Kunj, Gurgaon Most Environment-Friendly School

The annual Education World Grand Jury Awards were introduced in 2016 to acknowledge and felicitate schools — especially newly-promoted, low-profile primary-secondary. Schools are rated and ranked in the annual Education World India School Rankings which are based on field-based countrywide interviews.

In June-July advertisements in Education World, their website (www.educationworld.in) and the social media invited nominations — including self-nomination — under separate and distinct parameters including environment friendliness, technology usage, extraordinary leadership, multi-sports culture etc, with documentary proof of best practices and achievement. By the closing date for nominations (August 20), 1,000 nominations were received by the Education World.

On the basis of the information provided by applicant schools and their own domain knowledge, a specially constituted Grand Jury comprising eminent educationists (Fatema Agarkar, co-founder of KA EduAssociates, Mumbai; Rohit Mahindra, Director of the Mumbai-based Raj Mohindra Consultants Pvt. Ltd, Meeta Sengupta, Educationist and senior advisor Centre for Civil Society, Delhi; Damodar Goyal, President of the Society for Unaided Private Schools of Rajasthan, Jaipur and K.R. Malathi, founder-Director of Auuro Educational Services, Chennai) ranked the Top 10 in each category . Schools were judged on environment-friendly campuses and environmentally responsible and resource-efficient processes and sustainability practices. The Top 10 schools were conferred awards at the **EW India School Rankings Awards 2019-20 function on September 28.**

The Top 10 EW Grand Jury Rankings 2019-20.
