Dear Parents

Namaskar!

SAT - Scholastic Achievement Test 2024 is a benchmarking assessment of SVIS that happens every year for the students of classes IV - X across Delhi schools. We are making it bigger and wider this year to reach students across the globe. Hence it will be held in an online format. On the persistent demand of students, we are expanding it to include Grades XI- XII as well. This should help our students prepare for CUET, CBSE Exams and other Olympiads. Students will take **Online SAT Prelims** from home on **Saturday, November 9, 2024** from **8:30 am -10:10 am**. SAT is strongly recommended for all. It shall help the students understand the learning gaps.

The final SAT will be held on Saturday, November 23, 2024.
