

**Cyber awareness Drawing/Painting and Slogan writing competition
conducted by CSDO, Air Force**

Cyber awareness among children is crucial to ensure their safety and well-being in the digital world. It protects them against online predators, cyberbullying and also prevents exposure to harmful or inappropriate content online.

In order to promote cyber awareness among the children, CSDO, Air Force had organised a Drawing/Painting and a Slogan writing competition for the children of various Air Force Schools in October 2024. Children were encouraged to use their creative thinking and awareness on the topic and submit their entries. The children of Class 5 enthusiastically took part in the competition and handed in their innovative and ingenious paintings and slogans on the given topics:

1. Security of personal devices.
2. Security on internet (Financial transaction and social media security)
3. Recognise and reporting of phishing activities.
4. Cyber security is a social responsibility.

The following children have been awarded prizes and certificates in the categories as mentioned below.

Our compliments to these young and talented children on their well deserved achievement!

Category	Name	Class	Position
Drawing and Painting	Shruti Sarkar	VC	First
Drawing and Painting	Ansh Kumar	VD	Third
Slogan Writing	Simrat Kaur	VC	Second
