

# PRATAP INTERNATIONAL SCHOOL

## Grade – V

### (1<sup>st</sup>October – 31<sup>st</sup>October2024)

**SYNOPSIS:** October was a vibrant month at Pratap International School, filled with festivities, learning, and creativity. We began the month with Dusshera celebrations, where students enthusiastically enacted the triumph of good over evil through skits and cultural performances. This was followed by the spooky festivities of Halloween, where students dressed up in creative costumes and participated in fun games and activities.

The Science Exhibition was another highlight of the month, showcasing innovative projects that demonstrated students' scientific prowess and critical thinking. Judges praised the creativity, problem-solving skills, and presentation of our young scientists.

Celebrated the Festival of Lights, Diwali Students and staff came together to decorate the school, wear traditional attire, and exchange sweets, reaffirming the values of unity, love, and knowledge.

- **Uttar Kaand**
- **Maha Navmi**
- **Dussehra**
- **Parenting Workshop by Macmillan**
- **Awareness Programme by RBI**
- **Srijan**
- **Diwali Celebration**
- **Hands on science (class activity)**

### UTTAR KAAND:

Our talented students at Pratap International School mesmerized us with a beautiful enactment of the Uttar Kaand from the Ramayana. Dressed as iconic characters, they brought ancient tales to life with passion and dedication. From Lord Rama to Hanuman, each role was performed with grace, reminding us of the timeless values of faith, courage, and family.

## ❖ MAHA NAVMI:

The auspicious occasion of Maha Navami, was celebrated in Pratap International School with devotion and joy through a sacred Pooja and Kanya Bhoj. Our students participated in honoring the divine feminine energy, symbolizing purity and strength. The event was a beautiful reminder of the power of togetherness and tradition.

## ❖ DUSSEHRA:

Pratap International School celebrated an eco-friendly Dussehra with a creative twist!

Our students took part in a unique Ravan Dahan by pasting balloons on the effigy of Ravan and bursting them, symbolizing the victory of good over evil. This eco-conscious celebration promoted sustainability while keeping our traditions alive. No fire, no pollution—just fun and meaningful action!

## ❖ PARENTING WORKSHOP BY MACMILLAN :

Pratap International School proudly hosted a fantastic parenting workshop in collaboration with Macmillan Education! Parents explored valuable insights on nurturing their children's growth, both academically and emotionally.

## ❖ AWARENESS PROGRAMME BY RBI:

Pratap International School organized an insightful awareness program on the functioning of the Reserve Bank of India. We were privileged to have Sh. Vimal Verma and Sh. Mukesh Kumar, Assistant Managers at RBI, as our distinguished speakers shared valuable knowledge on the RBI's role in the economy and guided students on how to pursue a rewarding career at the institution.

## ❖ SRIJAN2024 (CHAMPIONSHIP) :

### SRIJAN 2024 – The Interschool Science Championship

A vibrant showcase of creativity and talent unfolded at Pratap International School during SRIJAN 2024, the Interschool Science Championship. Students presented impressive projects on themes like AI, sustainable development, and more, demonstrating their passion and innovation. Esteemed schools, including Dr. Virendra Swaroop, Nurture International, and Pt. Deen Dayal Upadhyay, participated enthusiastically.

Distinguished figures served as judges for the event: Dr. Raja Angmuthu from IIT Kanpur's Chemistry Department, Dr. (Prof) Deep Kumar Jaipuria (Orthodontist), and Dr. Vandana Dixit Kaushik, Professor, Registrar & Dean of HBTU Kanpur.

It was a day of inspiration, creativity, and learning for everyone involved.

Dr. Surabhi Bhadauria, the respected Director of Pratap International School, in her closing remarks commended all participants, lauding their creativity, dedication, and scientific curiosity. She emphasized the power of youth-led innovation and encouraged students to continue exploring and pushing boundaries.

Students showcased groundbreaking projects on themes like Artificial Intelligence, sustainable development, and other cutting-edge topics, sparking excitement and innovation among all present.

SRIJAN 2024 was more than a competition—it was a day of inspiration, discovery, and learning for everyone involved, lighting the way for the next generation of scientific thinkers.

## ❖ Hands on Science ( Class Activity):

Young Scientists in Action at Pratap International School!

Our budding scientists explored the fascinating world of separation techniques, discovering how to do:

- ❖ Sedimentation: Separate sand from water by allowing the sand to settle at the bottom!
- ❖ Decantation: Remove clear water from a mixture of water and settled sand or salt!
- ❖ Filtration: Purify muddy water using filter paper to separate solid particles!

They not only learned the science behind these methods but also honed their problem-solving skills while understanding their real-life applications. Using materials like sand, water, salt, and filter paper, our students had a truly hands-on learning experience!
