Embracing Wisdom, Igniting Futures: GRADE KINDERGARTEN

Dear Parents,  
Greetings!

We are delighted to present the Pre-Primary Wing Newsletter for the first quarter of the session 2024-25 which is a vibrant and engaging compilation of our students' activities. This newsletter serves as a window into the bustling world of our youngest learners, showcasing their creativity, enthusiasm, and the joyful spirit they bring to our school community.

Our little ones have been fairly busy in this quarter! Each page of the newsletter reflects growing skills of our children, highlighting the incredible progress they are making in their developmental journey.

As we look forward to the coming months, we are excited about the many activities and learning experiences planned for the Foundational Years. Our goal remains to provide a nurturing environment where each child can explore, discover, and grow.

We hope you enjoy reading this newsletter as much as we enjoyed putting it together. Thank you for your continued support and involvement in your child's education. Together, we create a foundation for lifelong learning and success.

Warm regards  
Director-Principal

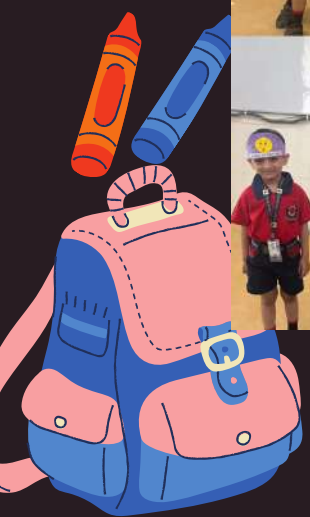

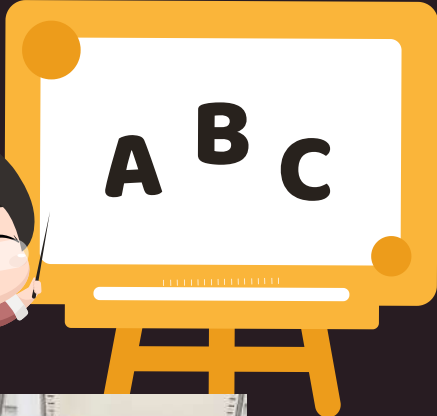

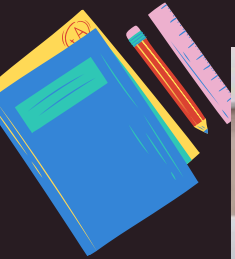

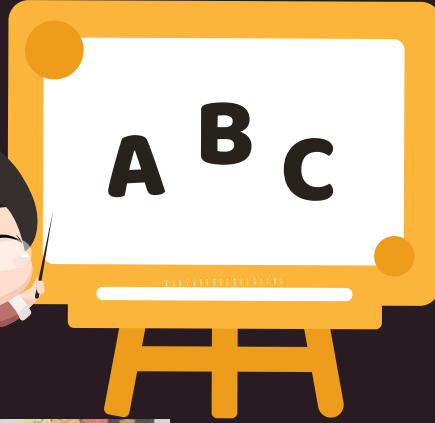

# First Day of School

What a delightful first day of Kindergarten, 2024-25! The day was special and exciting, not only for the children but for the parents and teachers too. It is heartwarming to see the Nursery children growing up, becoming more confident and responsible with each passing day. The children spent time bonding with some old and some new friends and teachers who welcomed them with open arms and warm smiles. They eagerly explored their new classrooms with curiosity. They did a hand-printing craft promising to spend a fruitful year where the learning would be fun. Bubbles, balloons, toys, and books made the day memorable. And the happy memories were captured in teacher-designed selfie frames.

# HAPPY BAISAKHI

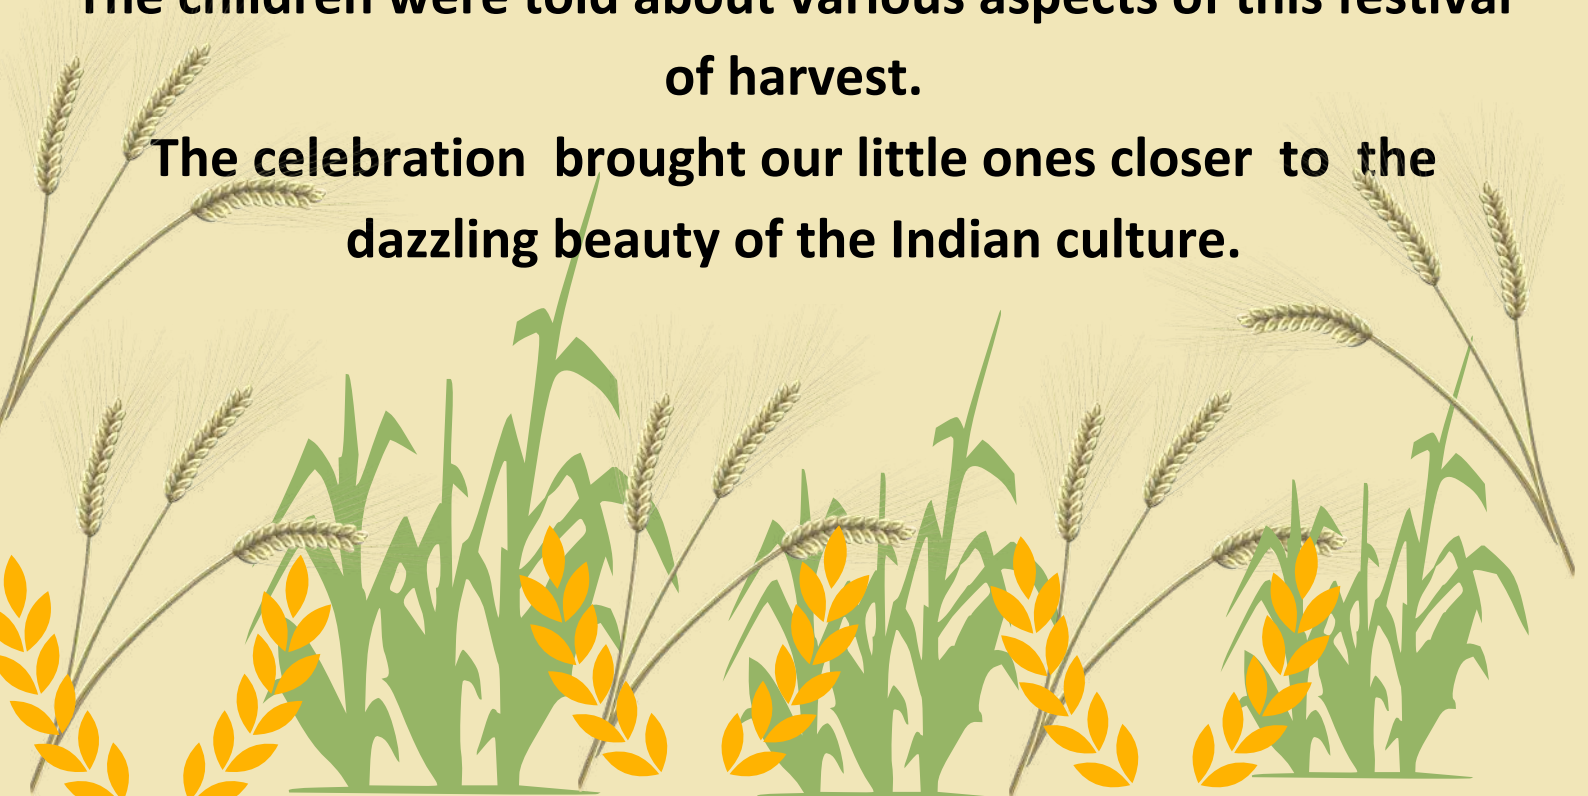

*"AMIDST THE RICH HARVEST  
ACROSS THE LUSH GREENERY  
BAISAKHI HAS ARRIVED*

*IN ALL IT'S MAJESTY- SO LET'S REJOICE AND CELEBRATE"*

Keeping up with the festive spirit and to help our little Xaverians get culturally connected, St Xavier's High School celebrated the harvest festival of Baisakhi with great zeal and high spirits on Friday, April 12, 2024. The little munchkins of Pre Primary enthusiastically participated in making a magnificent craft and were acquainted about Baisakhi and its significance in our culture.

The children were told about various aspects of this festival of harvest.

The celebration brought our little ones closer to the dazzling beauty of the Indian culture.

# HAPPY BAISAKHI

**The planet vs plastic campaign is a call to arms, a demand that we act now to end the scourge of plastic and safeguard the health of every living being upon our planet.**

**Earth Day celebration started with a Talk and group discussion on the importance of taking care of our beautiful planet. The children were sensitized about how their small efforts could help keep our planet happy and healthy. From turning off the lights to saving water, from planting trees to saying no to plastic, the young eco-warriors of Kindergarten took a pledge to take care of Mother Earth. On the occasion of Earth Day learners created amazing craft with colouring activity and shared inspiring thoughts to save our Mother Earth.**

**Let's Go Green and make our Earth the most beautiful place to live.**

**Happy Earth Day!!**

*Storytelling is the most powerful way  
to put ideas into the world:*

**'We at St. Xavier's High School believe that stories play a vital role in the growth and development of our children. Stories such as The Walking Tree and Saath Puch ka Chuha were presented with props during the adaptation week for our young learners. The teachers made the sessions engaging as they used puppets and props. The children enjoyed the stories as much as we enjoyed presenting them with perfect voice modulation and intonation.'**

# MOTHERS DAY

Mother's Day is a unique day devoted to praising and commemorating the extraordinary “Wonder Women” who have chosen to become mothers. We organized a series of events to make the day unforgettable for the Mothers with their children. Mothers enthusiastically participated in Basketball Match, Talent hunt, Sa re ga ma and Six yards of Elegance.

The Mother's Day celebration was a resounding success, leaving a lasting impression on everyone involved. Our children made beautiful cards and finger-printed them to express their love for their moms.

# EID CELEBRATION

🌙 ✨ Celebrating Eid with  
Creativity and Sweetness! 🌙 ✨

Our young stars of Kindergarten shone brightly this Eid al-Fitr as they immersed themselves in a delightful craft activity! With sheer excitement and creativity, the children tore and pasted silver paper to create stunning moons, each one reflecting the beauty of the night sky.

Adding a touch of sparkle, the children also crafted beautiful stars, symbolizing hope and unity.

After their artistic endeavors, the children enjoyed a sweet treat of sevaiyan, a traditional Eid delicacy.

This Eid celebration was not just about crafts and sweets; it was a celebration of culture, creativity, and compassion. It was a reminder that no matter our differences, we are united in the spirit of love and kindness

# SUBJECT

## enrichment

Activities that are designed to enhance and deepen students' understanding and engagement with specific subjects are called Subject Enrichment Activities.

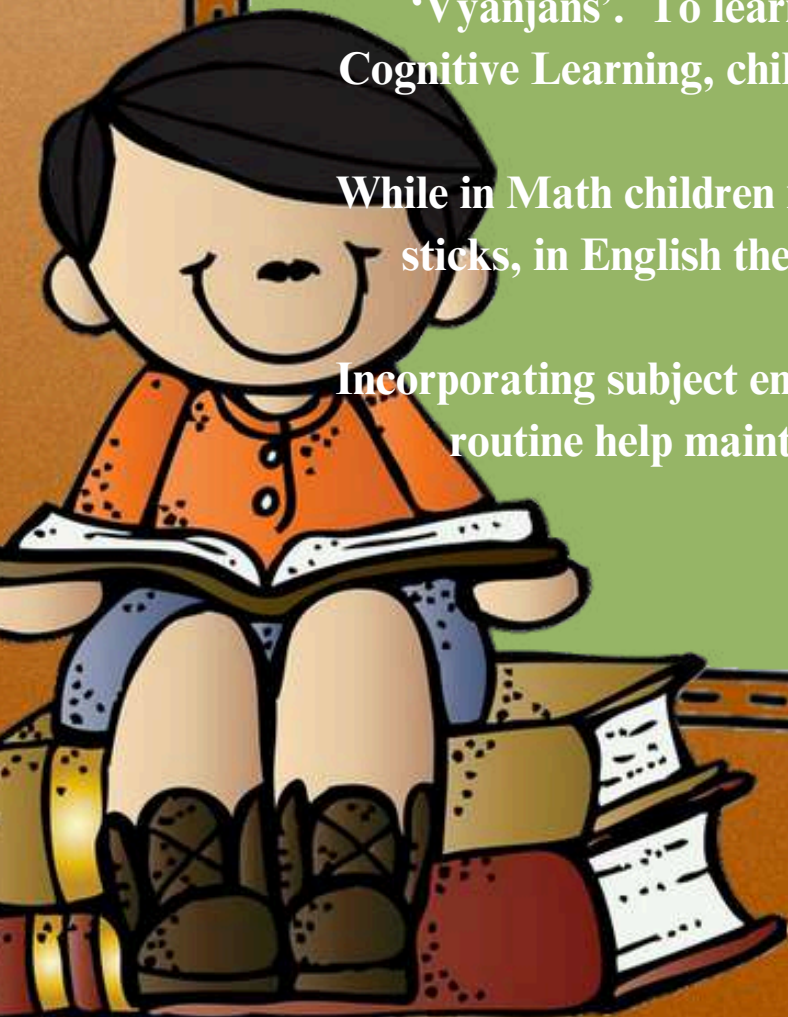

These activities promote critical thinking and problem solving skills, improves student's ability to concentrate, and make learning more meaningful, valuable, and rewarding.

This quarter the KG children delved into many of such activities to learn various topics.

In Hindi, children learnt the formation of 'Vyanjans' using different paints. These beautiful pieces were called rainbow 'Vyanjans'. To learn about topic 'emotions', a part of Cognitive Learning, children were given potter's clay to make expressions.

While in Math children made various shapes using ice - cream sticks, in English they circled vowels in their own name stickers.

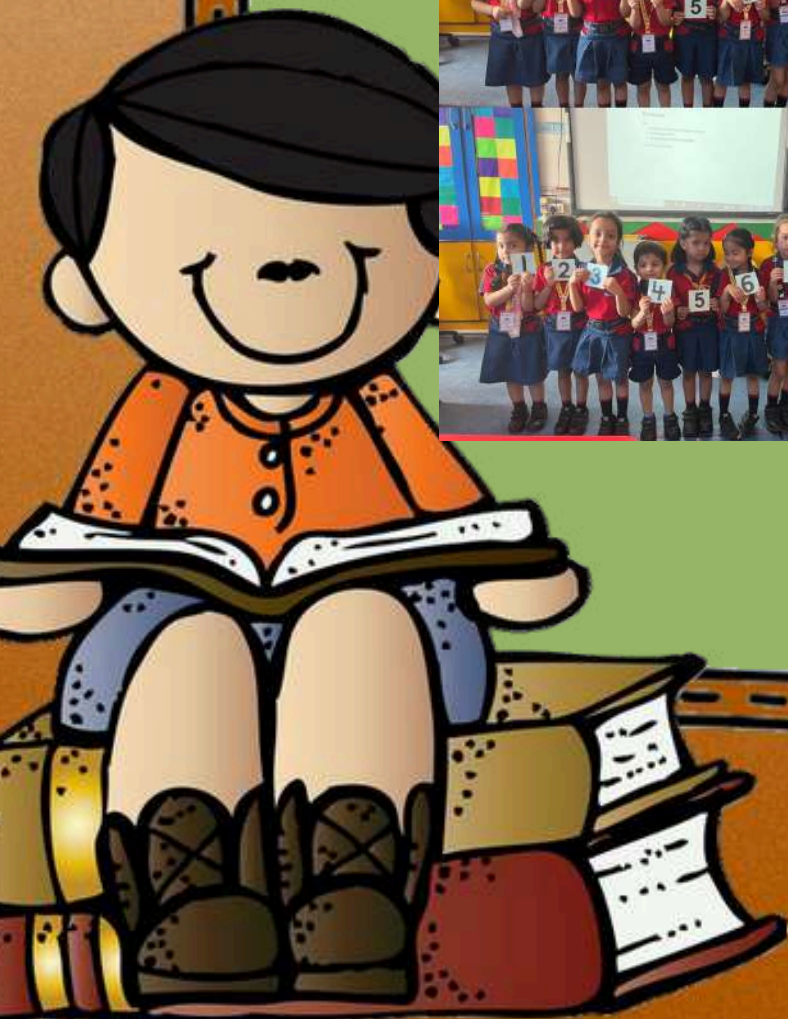

Incorporating subject enrichment activities into our classroom routine help maintain and boost creative thinking.

# SUMMER CAMP

Our three-day Pre-Primary Kids' Camp Little Academia was a resounding success, with 405 young campers embracing every activity with enthusiasm. Mornings started with energizing Cosmic Yoga and Zumba sessions. The kids enjoyed gymnastics, fun games, splashes in the pool, skating, and creative STEAM activities. Captivating tales from Kathashaala, brain-boosting games, delicious meals shared amidst laughter, and enriching activities like English Nut Adventures, Shloka Chanting, and Personality Development added to the fun. Music and Harmony Trails brought soulful melodies, enriching the experience further. We thank our incredible campers and their families for the joy, laughter, and friendship they brought to our camp.
