A CCD Workshop on Profile Building/Understanding Internships & Study Abroad was organized by J M International School, Dwarka for the students of Grades IX and X on October 29,2024. It was conducted by Ms. Kriti Dixit, from 'Centre for Career Development', Delhi.

The session began with a presentation that outlined the types of internships available, including summer internships, part-time internships, and virtual internships. The primary goal of the workshop was to equip students with essential knowledge about internships and study abroad opportunities, both of which play a crucial role in shaping their academic and professional future. The facilitator focused on explaining the concept of internships and their importance in a student's educational journey. Students were provided insights on how internships can enhance practical skills and improve employment. Facilitators provided detailed information on scholarships, visa processes, and how to choose the right program and destination for studying abroad.
