Fact:- <ol style="list-style-type: none">1. When we subtract 1 from a number, we get previous number. For eg. $7 - 1 = 6$, $4 - 1 = 3$2. When we subtract 0 from a number, the difference is the number itself. For eg. $3 - 0 = 3$, $6 - 0 = 6$3. When we subtract a number from itself, the difference is always zero. For eg. $2 - 2 = 0$, $8 - 8 = 0$	ढ	ढ	ढेर	पढना	ढोलक	बढिया	ढक्कन	चढना	मेंढक	बूढा	ढाघा	बढई	ढीला	कढाई	ढीठ	दाढी	ढूढिजा	गढ
