## **READING**

**Q1. Read the poem given below and answer the questions that follow.**

The winds are howling in the dark,  
A shadow moves, but leaves no mark.  
The moonlight flickers, pale and bright,  
As footsteps echo through the night.  
The trees whisper secrets untold,  
Their branches shaking, bending bold.  
The stars above hide behind a veil,  
As ghostly figures drift like a sail.  
The night holds mysteries deep and wide,  
In the shadows, where secrets hide.  
The air is thick with a hidden sound,  
In the mystery of night, all is found.
