A Glimpse of the Event

Objectives: To enable learners to:

*engage in hands-on learning in mathematics.

*develop logical reasoning, critical thinking, and pattern recognition skills.

*build perseverance and foster problem-solving abilities.

“Mathematics is the most beautiful and most powerful creation of the human spirit.”

— Stefan Banach

The Aryabhata Club of MBS International School organised a ‘Sudoku Competition’ on 11 December 2024, for Class IV students. The objective of the activity was to make mathematics enjoyable, strengthen logical thinking, and encourage strategic problem-solving.

Through this engaging activity, students enhanced their ability to identify patterns, build concentration, and apply mathematical reasoning in a stimulating environment. The Sudoku puzzles were designed to challenge their minds while instilling confidence in tackling logical problems. The young learners participated enthusiastically, showcasing their creativity and determination to solve the puzzles with accuracy and speed. The event successfully made learning mathematics a joyful and rewarding experience for all participants.

Judgment Criteria:

- Logical Thinking
- Accuracy
- Time Management

Result of the competition

S.No.	Name of Student	Class	Position
1	Divija Gautam	IV- Ashoka	I
2	Yuveen Sharma	IV- Plumeria	II
3	Dhreya Aggarwal	IV- Magnolia	III
