

## NATIONAL MATHEMATICS DAY 2024

"The equations I have discovered have no meaning to me unless they express the thoughts of God," said the illustrious Indian mathematician, Srinivasa Ramanujan Iyenger. In honor of the renowned mathematician Srinivasa Ramanujan's birth anniversary on December 22, 2024, also observed as National Mathematics Day, ITL Public School organized an array of engaging activities designed to cultivate mathematical aptitude among students. The event aimed to provide students with a deeper understanding of Ramanujan's life and achievements. Various activities, such as tangram shapes, clock-making, and shape-based crafts, fostered creativity, problem-solving skills, and mathematical understanding. Students showcased their skills through model demonstrations, quizzes, and innovative projects, making learning fun and engaging.

The enthusiasm and creativity displayed by students as they integrated math into various activities were truly inspiring, reflecting the school's commitment to nurturing a love for mathematics among its students.
