

## **Toyota conducts workshop at JMIS**

In an effort to spread road safety awareness, JMIS organized a workshop in association with Toyota. The workshop was held in the School auditorium on 29 January, 2025 for Grades VI-IX. The Toyota team of experts shared valuable insights and tips on road safety.

The session included interactive presentations which covered topics such as traffic signs, pedestrian safety and responsible driving practices. The students participated actively in the activities designed to engage them and reinforce the importance of road safety. They showed a keen interest in learning about this educational program. The pre and post-workshop tests improved students' knowledge about road safety.

The Road Safety workshop was a good initiative that promoted road safety awareness among students.
