HOME AWAY

FROM HOME

Shiksha Valley School, Dibrugarh prides itself on its quality of boarding provision for both boys and girls (Class IV onwards). The hostel is under the direct supervision of Director and Principal. One hostel warden for boys, one lady warden for girls and experienced academic hostel supervisors work under the above school heads. The hostel wardens counsel the children individually and encourage them to maintain general discipline and tidiness within the hostel. The Academic Hostel Supervisor keeps individual progress records of students to monitor their academic progress. Parents are to keep in touch with the Academic Hostel Supervisor to know their wards' academic performance. The well experienced matrons are readily available within the hostel to attend all the immediate needs of boarders as well as to supervise the domestic arrangements such as laundry, bathing, hair dressing, bed maintenance etc.

The hostel provides vegetarian and non-vegetarian diet cooked in hygienic kitchens. The menu, which is changed regularly, seeks to provide for taste whilst maintaining a correct nutritional balance.

On weekdays, study and coaching classes are held after school hours under the able guidance of subject-wise experienced and devoted teachers. These classes though conducted in groups, cater to the individual needs of students. During the weekend, there are programs of entertainment that include Films, Talent Contests, Quiz, Birthday Parties, Outings etc.

SCHOOL HOUSES

Mountain ranges have valleys and valleys give birth to civilizations.

The names of the mighty mountain ranges have been ascribed to the six Shiksha Valley Houses.

Our houses have been formed with the mountain ranges from all over our mother-land-our country India.

The **Himalayas** in the North with their snow-capped peaks reflecting the colour of the clear sky in its serene blue with the highest peak Mount Everest signifying the height to be scaled by the Shiksha Vallians.

The **Nilgiris** in the South with the lush spread of Neela Karanji flowers blooming all over giving their purple view full of life and happiness.

The **Patkais** in the East with their green carpet cover of the forests providing shelter to life and creating variety and adding a myriad touch to the flora and fauna.

The **Aravallis** in the West standing in the land of sand dunes, spreading its earthly brown shade, teaching us to be strong and bold and to fill our own colours in life, drawing from the bright and colourful heritage of their foot hills.

The **Satpuras** in the mainland with their golden yellow hue, from the rising sun in all its glory, spreading across the land, the message of new beginnings with hopes and aspirations every day.

The **Vindhyas** also centrally located, spreading a red sheen from the setting sun, with all their warmth and peace after the day's hard work, preparing men to face the challenges of days to come.

These are the six houses of our Shiksha Valley School, in which the students have been divided, to identify them and bring about in them the spirit of healthy competitiveness.

The theme of the print on the T-Shirts is our Mother Nature. Only the valley surrounded by the mountains can give rise to a civilisation - The evolution of civilized mankind.

Waves of running water, floating leaves from the woods, the bright sun and the endless clear sky symbolise harmony and tranquility in nature.

Here at Shiksha Valley we strongly believe in nurturing the future of our country. In this little valley of ours, which we tend to with much care, we sow the seeds of holistic development in our children and replenish them with the rejuvenating drops of water from the rivers of education flowing here.

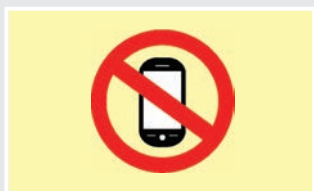

It is our endeavor to imbibe young minds with the stream of learning, reasoning and growing together.
