

# **SADHU VASWANI INTERNATIONAL SCHOOL FOR GIRLS WISHES Happy Earth Day!**

**The theme for Earth Day 2025 -  
"Our Power, Our Planet".**

Lets switch off the lights from 8:00 pm to  
8:30 pm today to save energy.

# Theme for the year:- **Our Power, Our Planet**

Earth Day's 2025 theme is OUR POWER, OUR PLANET, calling for everyone to unite around renewable energy so we can triple clean electricity by 2030.

## Major Environmental Issues

Loss of biodiversity

Ocean pollution

Climate change

Deforestation

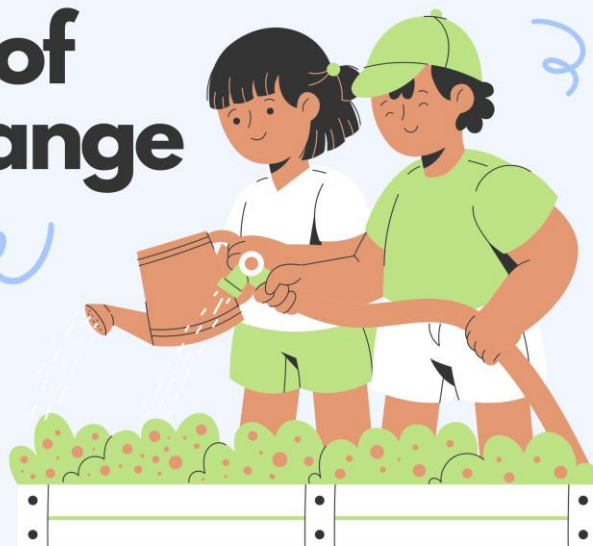

## The Impact of Climate Change

Rising global temperatures

Threat to wildlife and ecosystems

More extreme weather events

Melting ice caps

## PLEDGE ON EARTH DAY

**SAY NO TO SINGLE USE PLASTIC**

Single-Use Plastic drastically impacts the environment in a harmful way. Single-Use Plastic after usage mostly dumped on the land-fill sites chokes the water supply and drainage system and damages the environment due to its non-biodegradability. The theme for Earth Day 2025 is 'Our Power, Our Planet'. Let us reaffirm our commitment towards creating a better planet for our future generations, to swap plastic bottles for reusable ones to reduce microplastics, to switch to plant based meal to lower our environmental impact and to plant native species to restore local ecosystems and attract pollinators. On this Earth day, let's all join hands to eliminate use of single use plastic in our school and at our homes too.

**Say No to Plastic- PLEDGE**

- I pledge to contribute in creating a new, clean, healthy and plastic free India.
- I will not use plastic.
- I will educate others about the dangers of plastic use
- This planet belongs to us and we only can save it for our secure and bright future.

Eco-Club

## Single Use Plastic Items

### SINGLE-USE ITEMS

PLASTIC BAGS

STIR STICKS

SIX-PACK RINGS

PLASTIC UTENSILS

SOME FOOD WARE

PLASTIC STRAWS

## Alternatives

### REUSABLE ALTERNATIVES

paper bags

reuseable spoons

molds

reuseable cutlery

sustainable box

paper straw

# Solar energy

Solar energy is radiation from the Sun that can be harnessed for various purposes

# Solar Panels In School

Solar panels installed on our school roof top to save on energy and space. Solar power plant has been functioning w.e.f 17th July, 2020. Our school has 208 Solar Panels with a capacity of 68.4 Kw installed on the school terrace, that meets 75 % of the total annual demand load of the campus by the renewable energy

## Solar Panels at SVISG

## The Power of Small Actions

Educate others about environmental issues

Support local and sustainable brands

Walk or bike instead of driving

Say no to plastic bags
