

# Delhi Public School Knowledge Park - V

Greater Noida (West)

Date: April 04, 2025

DPSKP-V/2025-26/Circular/04

## CIRCULAR

Dear Parents,

### Greetings!

To further support our learners in achieving academic excellence, we will be conducting the **Diagnostic Tests** and the **Open Door Mastery Tests** as part of our ongoing efforts to enhance learning outcomes. These assessments are designed to evaluate students' conceptual understanding and critical thinking skills, providing valuable insights to help them strengthen their learning.

#### Diagnostic Tests For Class V

The **Diagnostic Tests** will be conducted for **Class V** in **English, Math, and Science** in the month of **July**. These tests aim to assess students' conceptual understanding and identify learning gaps within the school syllabus. To help students perform better in these assessments, we have designed a **comprehensive support plan**, which includes:

- **Zero Period Sessions** for additional practice and clarification of misconceptions.
- **Weekend Practice Worksheets** via Google Forms for reinforcement.

#### Open Door Mastery Test for Classes IV&V

The **Open Door Assessment Cycle** consists of three key steps, each designed to enhance the learning experience:

1. **Diagnostic Assessment** - A **pen-and-paper test** covering two chapters to evaluate students' understanding.
2. **Identification of Learning Gaps and Misconceptions** - Based on the assessment results, a **three-day reteaching session** will be conducted to address key concepts that require further attention.
3. **Relearning Assessment** - A **pen-and-paper test** covering the same syllabus will be conducted after the reteaching sessions to assess improvement.

The **Open-Door assessments** will be **multiple-choice question (MCQ) based**.

We encourage all learners to participate actively, as these assessments offer valuable insights into their academic progress. We also request parents to ensure that assigned work is completed and submitted on time.

For any queries, please feel free to contact the Academic Coordinator- Ms. Ritu Das- email- [ritu.das@dpskp.com](mailto:ritu.das@dpskp.com).

Warm regards

Principal
