

WORLD HERITAGE DAY 2025

DATE: 17 APRIL 2025

VENUE: ITL Public School (Respective Classrooms)

CONDUCTED BY: Department of Social Science

STUDENTS INVOLVED: Students from class VI-X

‘Heritage under threat from Disasters and Conflicts.’

To spread awareness about the growing threats to cultural heritage from natural disasters, climate change and human conflicts, ITL Public School, on Thursday 17th April 2025 observed World Heritage Day.

In observance of this event the students participated in numerous activities.

Classes VI and VII students participated in Guardians of Heritage: Ideas of sustainable future, in which they took heritage sites from around the world and created a Message Canvas showcasing different steps to preserve various heritage sites, while focusing on key actions such as respecting historical sites, promoting sustainable tourism, using modern technology for conservation, and engaging local communities.

Students of Class VIII, participated in Timeless Treasures: Designing a Legacy of Heritage and created Glimpse Guides focusing on the importance of preserving cultural and natural heritage sites. They researched about the UNESCO World Heritage Sites, the threats they face and suggested conservation efforts for further protection of the heritage sites.

Class VI-VII

Class VIII

Students of Classes IX and X participated in an activity titled, Heritage healers: Legacy of Tradition, Sustenance & Preservation where they created Wish Journals, in order to pen down the steps they wish to take to preserve and restore their heritage or the steps taken for the same. Thus helping them understand the significance of preserving heritage.
