CROWDFUNDING AS A LIFE SKILL FOR STUDENTS IS TRANSFORMATIVE

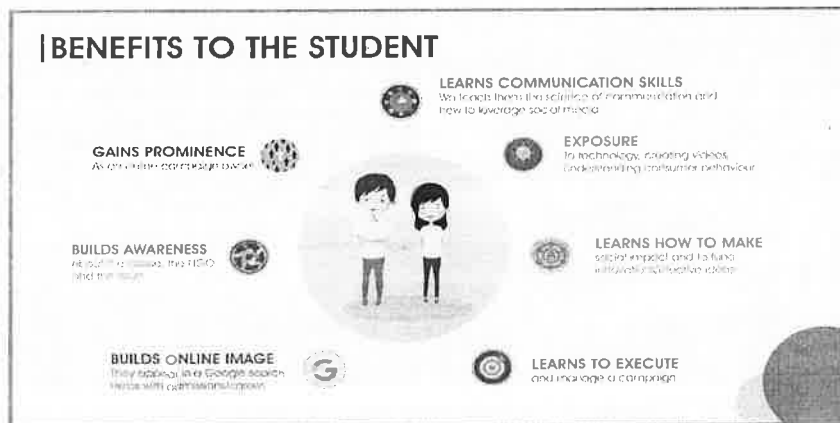

Dear Students and Parents,

Greetings!

This is to inform you that we have planned two interesting sessions on the subject of **crowdfunding** on 19th and 20th MAY, 2025 for students of Grade 9.

The crowdfunding sessions are conducted by Ranganath Thota (Founder of Fueladream.com). He teaches crowdfunding as a life skill to students and have successfully engaged with 23000 + students across 125+ schools across India. **There are no costs to the school or to the students to participate.**

Why is crowdfunding critical for students?

In addition, all students will get an e-certificate after the campaign ends.

The schedule for the Intro and Deep-dive sessions is given below:

- Session 1- Introduction to crowdfunding: 19th MAY (MON), 2025.
- Session 2- A deep-dive training session: 20th MAY (TUE), 2025.

PROCESS: There will be two sessions, both of approximately 1-hour each. **The first session** is an introduction to crowdfunding and a discussion on the initiative they can support. **The second session** is a deep dive into the science of crowdfunding where students learn how to manage their campaigns.

To take part in the campaign students need to register after the first session. **This registration is done at an online link that will be shared with all of the students AFTER the first session.** Students need to get parental permission to register and take part. **There are no costs to you or to the school to take part.**

The 2nd session is when students are taught the science of crowdfunding. All the student campaigns will be launched on 20th MAY at 8 PM. Each student has their own campaign and these run for 15-days and take 10-mins-a-day to manage from home. Post the campaign e-certificates are given to all students.
