# SOCIAL SCIENCE

**1.PROJECT ACTIVITY:-**

**Currencies of the World:**

"To understand the power of a nation, it is very much necessary to study its economy."

The very first step in this direction is to know details about the currency used in a country. Let us do a comparative study of currencies of various nations with our country.

a. Prepare a scrap file or use chart paper/card board by pasting the pictures of currency ( notes and coins) used in the given countries.

b. Also draw their symbols depicted on the two sides.

c. Show the comparison of their current market value with Indian currency.

d. The countries to be studied are as follows:

India, Sri Lanka, Singapore, Hong Kong, Japan, UAE, Switzerland, Netherlands and Canada (Use one page for one country.)

**2. RESEARCH WORK:-** SDG (Sustainable Development Goals)

Students will research and explore about the [Sustainable Goal (SDG-13) which focuses on "Taking urgent action to combat climate change and its impacts.](#) "Prepare a Presentation/Template ( 8-10 slides) using Canva or Google slides exploring the impact of climate change (such as rising temperatures and extreme weather events etc) and methods to combat climate change. The PPTs to be posted on the Social Science Google Classroom- assignment section. (Further work on SDG project will be undertaken after the school will reopen).

**3. WORKSHEET :-** Please find the attached document of the practice worksheet by clicking on the link given below. ( Worksheet to be solved in the social science notebook itself)
