

Welcome Activities

Event: Welcome activities

Date : 1 April, 2025

Organised by : ITL PUBLIC SCHOOL

Classes : I – V

“Small steps towards big dreams start today.”

ITL Public School ushered in the new academic year on April 1, 2025, with a vibrant array of welcome activities designed to foster a positive and inclusive environment for all students.

The day began on a cheerful note with “Emoji Introduction,” where students selected emojis to express their feelings about the new session. Sharing these with peers helped break the ice and spark meaningful conversations. This was followed by the inspiring “Goal Setting Balloons” activity, where students penned down a key goal for the year on balloon-shaped paper cutouts. These colourful goals were then displayed in classrooms, serving as daily visual motivators.

To ensure a smooth transition into their new classes, a variety of thoughtfully curated activities promoted comfort and connection. Ice-breaker games enabled students to bond quickly, while creative art and craft sessions offered an outlet for imagination and self-expression. Engaging storytelling sessions and lively puppet shows sparked curiosity and wonder, and team-building exercises laid the foundation for collaboration and friendship.

The day culminated in the heartwarming activity, “My Name, My Story,” where students shared the meaning or background of their names, celebrating individual identity and promoting a culture of respect and understanding. Adding to the fun, students captured these joyful moments at a specially decorated selfie corner.

These welcome activities not only set a joyful tone for the new academic year but also encouraged self-expression, goal setting, and lasting peer connections—paving the way for a fulfilling year of learning and growth.
