

DESIGN THINKING WORKSHOP (IN COLLABORATION WITH THINK STARTUP, SAMSUNG INDIA & IIT DELHI)

**"Design is not just what it looks like and feels like. Design is how it works."
— Steve Jobs**

Title of the Activity	Design Thinking Workshop
Date of the Activity	8 th May 2025
Organized By	Think Startup, Samsung India & IIT Delhi
Resource Person	Mr. Ankur Rawal- IIT Bombay alumnus

ITL Public School conducted an engaging and impactful workshop on 'Design Thinking – Where Empathy Meets Innovation', in collaboration with Think Startup, Samsung India, and IIT Delhi On 8th May 2025 for students of classes IX - XII

The workshop aimed to equip students with the fundamentals of design thinking—an approach that blends empathy, creativity, and problem-solving to create impactful, real-world solutions.

Through a series of engaging and interactive case studies, students explored how to understand user needs, ideate innovative solutions, and develop practical implementations that drive meaningful change.

The workshop was led by Mr. Ankur Rawal- IIT Bombay alumnus, having a vast experience of innovation infrastructure that focuses on clean Air

Ms. Dhruvi Sharma and Mr. Sujeet from Samsung Electronics (SWA Corporate Citizenship, Public Affairs team) were also present as part of the organizing team, supporting the smooth execution of the workshop.

This inspiring event marked a significant milestone in ITL Public School's ongoing mission to foster innovation, creativity, and purpose-driven learning among its students.
