**Embracing Wisdom, Igniting Futures: GRADE Nascent**

**Dear Parents,**

**Greetings!**

**We are delighted to present the Pre-Primary Wing Newsletter for the first quarter of the session 2024-25 which is a vibrant and engaging compilation of our students' activities . This newsletter serves as a window into the bustling world of our youngest learners, showcasing their creativity, enthusiasm, and the joyful spirit they bring to our school community.**

**Our little ones have been fairly busy in this quarter! Each page of the newsletter reflects growing skills of our children, highlighting the incredible progress they are making in their developmental journey.**

**As we look forward to the coming months, we are excited about the many activities and learning experiences planned for the Foundational Years. Our goal remains to provide a nurturing environment where each child can explore, discover, and grow.**

**We hope you enjoy reading this newsletter as much as we enjoyed putting it together. Thank you for your continued support and involvement in your child's education. Together, we create a foundation for lifelong learning and success.**

**Warm regards,  
Director-Principal**

## **What a lovely first day of school, 2024-25!**

**The day was special and exciting, not only for the children but for the parents and teachers too. With some laughter and a few drops of tears, our little munchkins explored their new classroom with curiosity. Bubbles, balloons, toys, books and the warm hugs of the teachers made the day memorable. Welcome to a new world sweethearts!!**

## **EID** **CELEBRATION**

**Our young stars of Grade Nascent shone brilliantly as they created beautiful cards on Eid Ul-Fitr. The children made cards using a paper-tearing activity which is a simple fine motor skill activity. Tearing paper helps children develop hand strength and hand-eye coordination. Adding a touch of sparkle, the children created the beautiful moon and stars, symbolizing hope and unity. After their artistic endeavours, the children enjoyed a sweet treat of sevaiyan, a traditional Eid delicacy. This Eid celebration was not just about crafts and sweets; it was a celebration of culture, creativity, and compassion. It was a reminder that no matter our differences, we are united in the spirit of love and kindness.**

**EID MUBARAK**

# Red Colour Day

**The colours in Nascent are just not taught but are celebrated. On Red Colour Day, the red colour was all around them. From red balloons to red paint, from red paper to red crayons, the little munchkins had a g(red) day.**

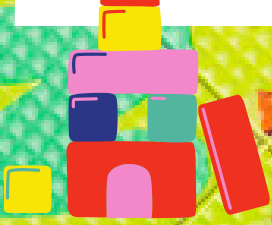

## Little architects at work - Building letter A

Activities that are designed to enhance and deepen students' understanding and engagement with specific subjects are called Subject Enrichment Activities. These activities promote problem-solving skills, improve students' ability to concentrate, and make learning more meaningful, valuable, and rewarding. This quarter our children delved into many of such activities to learn various topics.

# Earth Day

**Earth Day is observed on April 22, every year, globally. It is a day of reflection on how we can preserve our "वसुंधरा," an annual event that showcases support for environmental conservation. The children were sensitized about how their small efforts could help keep our planet happy and healthy. From turning off the lights to saving water, from taking care of plants to saying no to plastic, the young eco-warriors of Nascent took a pledge to take care of Mother Earth. Let's Go Green and make our Earth the most beautiful place to live.**

**Happy Earth Day!!**

Happy Earth Day 

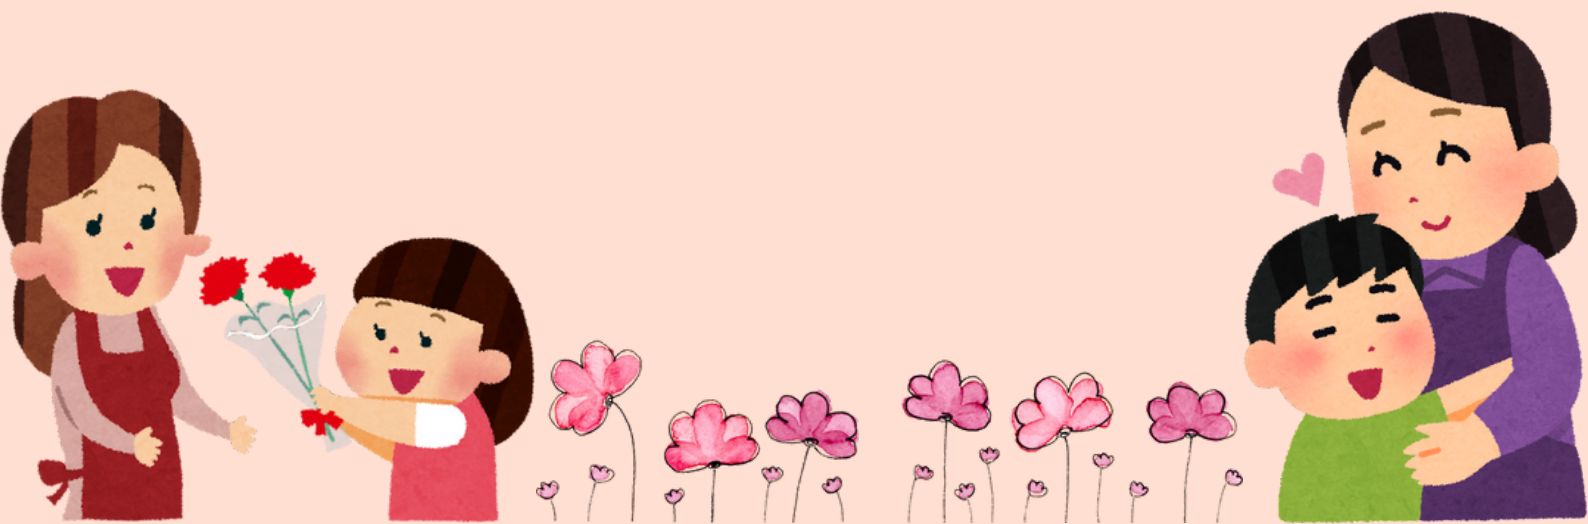

# MOTHER'S DAY

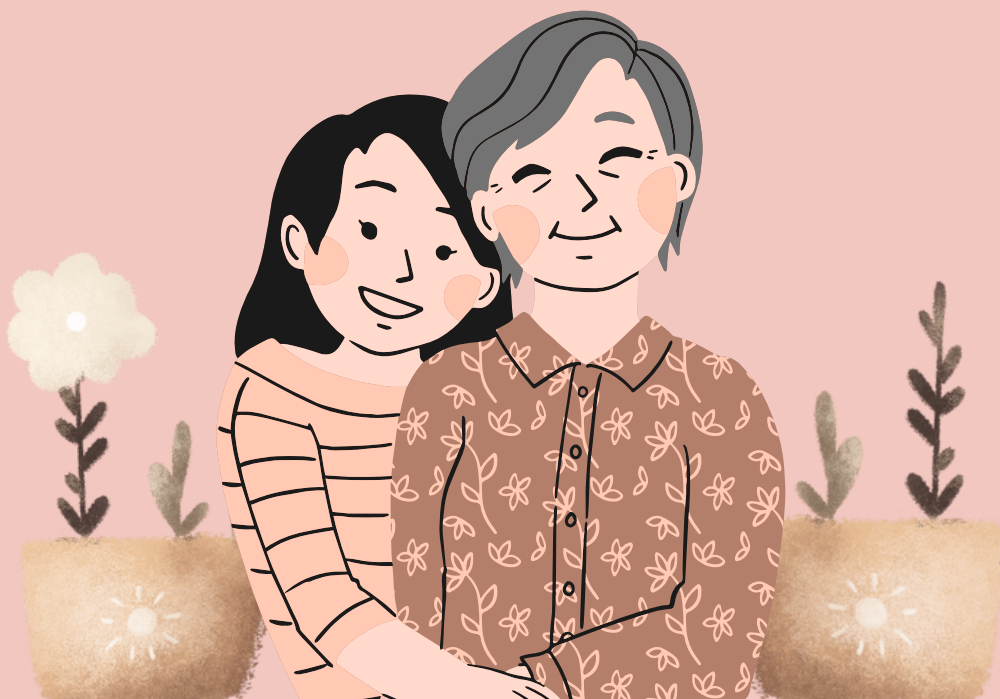

**Mother's Day is a unique day devoted to praising and commemorating the extraordinary “Wonder Women” who have chosen to become mothers. We organized a series of events to make the day unforgettable for the Mothers with their children. Mothers enthusiastically participated in Basketball Match, Talent hunt, Sa re ga ma and Six yards of Elegance. The Mother's Day celebration was a resounding success, leaving a lasting impression on everyone involved.**

## Three-Day Little Academia

**Our three-day Pre-Primary Kids' Camp Little Academia was a resounding success, with 405 young campers embracing every activity with enthusiasm. Mornings started with energizing Cosmic Yoga and Zumba sessions. The kids enjoyed gymnastics, fun games, splashes in the pool, skating, and creative STEAM activities. Captivating tales from Kathashaala, brain-boosting games, delicious meals shared amidst laughter, and enriching activities like English Nut Adventures, Shloka Chanting, and Personality Development added to the fun. Music and Harmony Trails brought soulful melodies, enriching the experience further. We thank our incredible campers and their families for the joy, laughter, and friendship they brought to our camp.**

# SUMMER CAMP

**Tell me and I'll forget.  
Teach me and I'll  
remember. Involve me  
and I'll learn.**
