

DPS ROHINI CAREER FEST 2023

-a career fest with a difference

DPS Rohini hosted 'Career Festival 2023' on Saturday, 14 October to assist its students in making informed career choices. The festival invited students from Grades VI to XII, and their parents, ushering them into a world of vast professional horizons.

The festival began with an innovative session titled 'Passion to Profession,' which illuminated paths to 14 distinct career avenues. This segment delved into the intricacies of various professions, including Graphic Design, Animation, Marine Biology, Archaeology, Artificial Intelligence, Literature, Strategic Design Management, Journalism, Engineering, Financial Planning, and more. Through student-led discussions on careers such as Graphic Design, Archaeology, and Artificial Intelligence, myths about non-traditional professions were dispelled. Students and parents gained insights into different job roles, obtaining a clearer perspective on potential career paths.

A major highlight of the day was the interactive segment with representatives from 28 Indian and international universities. The delegates, drawing from the repositories of their respective institutions, elucidated the vast course options and opportunities available to the students. Engaging with representatives from renowned Indian institutions broadened students' course knowledge, enhancing their understanding and potentially directing their career paths.

During a specialized orientation on skill-based courses, insights were shared by a distinguished group of speakers such as Col. B. Venkat, Registrar at T.E.R.I; Dr. Pravir Chitre and Dr. Ruchika Singh from Delhi Skill Entrepreneurial University; and Mr. Akshat Verma, Chief Business Officer at Unified Sports. The session aimed to enhance employment prospects and foster skill development for individuals from economically disadvantaged backgrounds and students with special needs upholding the pillars of DPSR; promoting inclusion and ensuring equal access to job opportunities are crucial aspects of building a diverse and equitable society.

Parents, as integral stakeholders in their children's future, voiced their appreciation for the festival. The comprehensive exploration of diverse professions not only widened their perspective but also dispelled many prevailing myths.

The DPS Rohini Career Festival 2023, through its holistic approach, succeeded in offering students and parents a lucid vision of the future, making it an unequivocal triumph!
