We 'connect before we correct'. The adage "ये स्कूल, सोचता है" - a heart pulsating in the mind- is the outcome of our pioneering 'EMOTION of HEART' strewn with 'WISDOM of MIND'- for, we not only 'feel' but also 'think' for all our stakeholders, taking into account the learner, the facilitator, the parent and the community.

Maintaining 'Happiness Index' is the first agenda on the radar of Gurukul Vision. With heart as the epicentre, all that we undertake ensures that schooling turns out to be a beautiful journey in terms of enriching academic experiences along with equal care for the physical and emotional well-being of each learner.

# The Inception

The seed of Gurukul The School was sown in 2002 by Gurukul Education Society consisting of passionate educationists, eminent bureaucrats and distinguished intellectuals.

With our **unique Vision Statement** breathing through the four Cs- Classroom, Corridor, Campus and Community the school has blossomed into a **beacon of world class education** within a decade of its modest beginning.

The journey heretofore has been replete with tireless efforts, gratifying results and humble acknowledgements.

The school was established at Raj Nagar, Ghaziabad with a **conviction to identify every child inside the group and to help each one achieve his/her best** with unconditional motherly care.

With the prologue of three years' high-spirited expertise in running the school till Primary level, the school expanded its horizons to become a hallmark of excellence in education sector and launched the NH 9 Campus- a co- educational Senior Secondary School in the sprawling 8 acres campus located in a mesmeric scenic backdrop of Ghaziabad.

The state of the art, world class infrastructure stands majestically amidst the encasements of flora away from the combustion of city-**forging the best of progressive and child-centric teaching modules - to create a home outside the home and a society** inside the society to give a relishing slice of life to each child, each day.

Carrying forth the legacy of world class education and to contribute further to the making of world leaders, Gurukul Education Society expanded its wings and embarked on another venture in 2015 at Crossings Republik with its philosophy, 'every child is uniquely blessed and deserves a school with a Mom's heart' - a school where "Unconditional Love, Unrelenting Support and Inexhaustible Patience" perpetually reside.

All efforts are channelized to epitomise motherly surveillance that inspires children to open up freely, explore on their own, unfurl their creativity and confide confidently for every feeling of their heart. An **affectionate learning centre where children are embraced for all their strengths and weaknesses** and respected for being what they are.

# The Belief

Each element of the School Logo has a tale to tell.

Symbolic of institutions' **initial**, 'G' symbolises transformation of 'students' into 'Gurukulites'. With the **Globe planted in centre**, it signifies 'Global' humanity too- where learning consummates into a full circle- and Gurukulites metamorphose into '**global humans**' to be **problem solvers of the world**, embracing **Sustainable Development Goals** in actions as well as approach.

**Blue outer arc** signifies the journey of **imbibing Core Values** and co-represents an all-encompassing and **ever-evolving ocean of 'progressive knowledge.'**

The inner Red curve epitomises ignition of ideas and the **passion to become agents of 'Social Change'** echoing youthful energy, fiery passion, and perseverance which Gurukulites develop during schooling and carry thereon.

The green allegorises **fertile minds for whom the whole world is a melting pot of enterprise**; they belong to the whole world and the whole world becomes theirs-inter knit with accountability to make conscious contributions to create a greener, healthier, more peaceful, and equitable planet //वसुधैव कुटुम्बकम्//

# The Philosophy

*"Education not only follows, but also contributes to Social Change". Hereto, we aim to "educate the child, influence the home and transform the society". We endorse **Five Core Values**, in entirety, through the **School Culture**.*

Gurukul Progressive Education Program (GPEP) aims at **empowering the young learners to become global humans**. Believing that each child's needs and capabilities are different, we envision every learner with a 'Mom's Heart' and involve them in evolving according to their learning style- patiently leading them past every obstacle, respecting their efforts more than the outcome, reposing confidence in their belief and embracing them in every rise and fall.

The by-line '**Modernity with Tradition**' captures the essence of Gurukul- '**understanding of the self**' along with an '**acquisition of global dynamism**'.

“

Vibrations of purity, love, hospitality and compassion are present in the entire school and in every member of this wonderful family.

**Brahma Kumari Shivani**  
Spiritual Guru

# The Inspiration

Churned out from the age old experiences of cultures & civilizations, the Five Core Values: **RESPECT, HONESTY, COMPASSION, FAIRNESS and RESPONSIBILITY** are the distilled essence of human psyche and stand tall against all the advancements.

These Core Values are underpinned in School's approach and outlook towards character building and serve as the foundation of all relationships among students, staff, faculty, administrators and parents.

Guided by our three operational imperatives, '**Academic Rigour, Professional Excellence and Extraordinary Care for the Welfare of Each Child**', we work tirelessly with all our human resource, technological amelioration and infrastructural refinement, to emerge as a world class education institution that feels that 'Every child is uniquely blessed, every child has a unique learning style and every child deserves the best.'

# The Approach

Teaching, Technology and Techniques work hand in hand at Gurukul to make learning trajectory an enjoyable enterprise. Our pioneering global outlook continuously evolves with changing paradigms, and we uphold our responsibility right from the moment students board the school bus till the time they reach home happily, feeling valued.

Resonating the crux of NEP, from long before its official launch, GPEP has always been committed to nurture **transferable skills -communication, problem-solving, time management, leadership and teamwork-**testifying School's pro-time approach.

Syncing with CBSE recommendations, GPEP curates an extensive range of scholastic and co-scholastic edu-experiences with the spherical spectacle of 21st CENTURY CLASSROOM VISION of **"Creating a joyful and engaging classroom to learn digital citizenship and foundational technology skills to develop communication, collaboration and creativity while learning the subject core skills"**.

“

It was a pleasure to attend the event organized in the school. My compliment for good conduct of the event. I am impressed by the overall vibes of the school. Wish you all the very Best

**General V.K.Singh**

# The Approach

Linguistic skills, scientific temperament, mathematical acumen, digital adeptness- are the areas of concentrated efforts at all the levels of the school. Discussions, debates, role plays, story-telling, read-aloud sessions, lab experiments, puzzles and riddles, field visits, excursions, sports, extra-curricular opportunities, inter school competitions and international collaborations, enlightening rendezvous with eminent personalities, orientations, seminars, workshops, class presentations and special day celebrations, cohesively build Euphoria of learning. Artificial Intelligence, Design Thinking and Innovation, Financial Literacy, Coding, Data Science, Augmented Reality constitute substantial learning platforms.

Class VI onwards, a wide range of skill training sessions are offered on the basis of formal auditions and acumen identification to help the learners identify their strengths and make informed choices. The trinity, parents, teachers and taught, are involved in stream selection procedures from orientations to aptitude testing.

At the Senior Secondary level, the academic programme strictly imbibes the syllabi and pattern of AISSEE. In an application based scholastic environment, students are prepared for admission in reputed universities to attain a higher level of specialisation and apt placements post schooling. Expert consultancy and recurring guidance charters a career map to develop respect for each profession while knowing the one that suits one's aptitude.

# The Horizons

At Gurukul, learning is not the by-product of teaching.

It is a living organism with ever-expanding horizons. We upgrade and refine our learning spaces and systems continuously and comprehensively to espouse dynamic learning models. General Awareness sessions and newspaper reading is mapped with learning plans of all the main subjects, at every level.

School's academic planner is dotted with scholastic and co-scholastic activities, leadership camps, adventure activities, edu-excursions, trans-disciplinary projects, peer-welfare plans, team building activities to impart transferable skills.

The school aims at creating world leaders of tomorrow. Our Students are trained, acclaimed and decorated NCC cadets- with keenness to serve and to shoulder responsibilities whilst upholding pride in nation and its glory. Our elite Interact Club under the aegis of Rotary International, devotedly undertakes far-reaching Community Outreach programs led by Interactors who bag titles and laurels like ZIR, and DIR, Elite Club, Best Interactor, and so on.

**Nationally and internationally acclaimed coaches train sports prodigy before,during and post school hours** for next notch skill chiselling. Chosen annually out of a three tier selection including aptitude as well as attitude tests, our **empowered Student Council are trained to be 'servant leaders'** and acquire managerial and administrative qualities by organising all the events of grandeur like MUNs and Annual Celebrations.

In addition to watching the school pulse, our Student Council liaisons ideas, interests and concerns of the students with the wider community and school heads.

Our alumni are mounting National and International pedestals to carry forth the glory of alma- mater to greater heights with every passing moment.

# The Facilitators

Teaching fraternity at Gurukul The School is dedicated to shaping up young lives with singular commitment and abundant creativity. Comprising qualified and skilled educators, our faculty embodies School's Core Value System and blends subject competencies with progressive pedagogy. In a warm and open yet challenging environment they inspire learning.

Selected through a rigorous process of rubrics-aligned interviews, inductions and skill demonstrations, our **facilitators are chosen for their innovation and insights with top-of-the-line resources, they represent the right mixture of youth and expertise**, imparting knowledge as well as instilling life lessons.

Faculty Development Programmes are a regular feature to facilitate facilitators' updating and upskilling in sync with the evolving dynamics of Education Sector. They are also trained in basic counselling skills so that they can spot the early signs of behavioural changes in children, offer first-hand support viz emotional well-being and awakening the mindset. They contribute ideas, skills and expertise in evolving every facet of School's functioning from culture, discipline and teaching practices to assessment methodologies and community service.

# The Learning Spaces

To cater to the specific needs of learners at different levels, the school houses four blocks- Primary Block (Pre-nursery- II), Senior Block (III-XII), Activity Block and Administrative Block.

Fully weather-controlled, the school has robust digital infrastructure-prepped equally for online and offline and hybrid modus of teaching-learning. To make logistics seamless, subtle and speedy, the School has to its aid, ERP synced with Cloud9, DBMS for data handling and flawless processing of the processes- so that stakeholders never skip the beat of communication. Smart class-rooms encased within mesmeric scenic views offer naturally bright, spacious and airy learning spaces due to the uniquely engineered dollar shaped building.

The state of the art Library with a gigantic collection of books and resource material is hub of information and epicentre of latest updates on CBSE updates and career alerts. The class-apart crescent-shaped Conference Room and colossal Computer Labs have no replicas among contemporaries.

With our own large fleet of luxury buses that ply to far-fetched areas of the vicinity, we ensure a joyous journey to the school. Each bus has a Wireless Connectivity, CCTV Camera, GPS, Fire Prevention Equipment, First Aid and an Attendant to provide first hand information about the status of the route.

The king size auditorium provides an extensive boulevard for grand presentations while the lively canteen serves a happy menu with a superbly balanced health quotient.

Our fastidious flurry of facilities includes pristine playgrounds and prodigious sports courts primed for rigorous training regime and hosting tournaments of National and International magnitude to ensure optimum sports exposure to the Gurukulites.

“

It's good to see the young generations sporting abilities and spirits come alive in every game. Truly disciplined and hardworking students. With best wishes for a bright future!!!

**Dilip Tirkey**  
**Arjun Awardee,**  
**Former Captain-Indian**  
**Hockey Team**

# The Learning Spaces

We are the only school in NCR to own a Horse Riding Club-GHRC administered by an internationally acclaimed, World Cup Gold Medal Winning Coach. The Club has the best horses and ponies to impart the Art of Horsemanship and carry our country's National Heritage and Culture with utmost aspirational values.

**An autonomous body, GHRC is a hallmark in Equestrian Sport and operates in liasoning with 3rd Party.** The practice regime spanning across the clock hours caters to Gurukulites as well as non-Gurukulites. **We have on roll India's youngest tent pegger.**

Flora and Fauna has a special place in the school's province. The eco-friendly habitats include the lush green gardens, clumps of trees, sprawling open spaces and aviary- birds of rare varieties nestle nearby, families of ducklings and bunnies soothe the sight of beholders. The splash pool, the sand pit, traditional hut and the toy train provide the best avenues for collaborative learning under the protective surveillance and affectionate care of teachers.

The fully air conditioned Activity Block houses studios for various performing arts. The thoughtfully designed upkeep of these studios transcends learning into a skill building juncture. The theme based walls and graffiti instil a love for various forms of art.

The Recording studio helps the students to record and have their in-house production and post production editing done.

The school houses two infirmaries equipped with full day paramedic staff to provide immediate medical support to the students and staff members along with the tie-ups with prestigious hospitals for referral after first-aid.

The unique 'half-moon shaped' Conference Hall is designed to enhance the appeal of audio-visual presentations and thought triggering seminars.

# The Assessment

Assessments are not yardsticks to measure a child's potential with bars of judgement. We design **stress free and child centric assessments that serve as windows to ascertain the effectiveness of teaching- pedagogy and reachability to the last learner in the trajectory.**

Assessments are diagnostic tools to evolve our teaching practices, in accordance with the students' stages of development, for, we believe 'if a child has not performed his/her best, the gap needs to be bridged through the ways of reaching out. ASP- the Academic Support Programme is our USP to cater to learner's acumen viz extra support classes to help learners come up to the learning curve and to aid the high order learners to push their limits to competitive levels.

The three-tier assessment pattern comprises-

- A comprehensive grade based semi-formal assessment spread in both the terms to gauge the psycho-motor development of each child in the Pre-Primary stage.
- An introduction with the bi-annual pattern of formal assessment strewn with Unit Tests dotted over Annual Academic Calendar in a stress-free scenario where emphasis is laid on the child excelling himself rather than competing with the peers.
- Under the auspices of CBSE (Central Board of Secondary Education) in conjunction with the progressive paradigms of National Education Policy , the growth years of learners are marked with scholastic and co-scholastic skilling viz integrate-approach and holistic streaming.
- Imbibing the syllabi and pattern of AISSEE at Senior Secondary school to meet the requirements of different competitive examinations and create a seamless transit into various career streams that the students come across, soon after their schooling.
- Under the expert guidance of skillful teachers and trainers, students are motivated for an inspired participation in Olympiads and countrywide competitions designed to trace student prodigies.

# The Balance

Imparting Value Education, ensuring emotional equilibrium, mental health, shouldering sanity of the planet along with the co-planeteers comprise quintessential goals, we set for Gurukulites. We envision our progeny **'locally focal' and 'progressively sharp'**. Hence skill development, community service, soft skill training, health and hygiene lessons, shramdan projects, adult literacy campaigns, Each One Teach One, conserving rich and ritualistic legacies of the country rule the helm of all affairs.

**We embrace internationalism and endorse global humanity via cross-nation exchange programmes - virtually as well as physically.** Under the umbrella of our pioneering project weVolve, Sustainable Development Goals are catered to. Gurukulites are CBSE certified Life Skill Ambassadors and peer educators.

With Gurukul's Share programme as modus, Gurukulites happily share their surplus- bilaterally and regularly. **Birthdays are made special occasions by seeking heavenly benedictions through the Hawan ceremony** that soothes the minds and sanctifies the surroundings. Tranquillity of mind is sought by yoga and meditation exercises.

“

A wonderful experience! The performance by the students was excellent. Supporting teachers & Parents boosted their morale in true Gurukul tradition. Wishing all the best for bright future.

**Vineet Joshi**  
Ex-Chairman, CBSE

# The Associations

Through rewarding partnerships with institutes and organisations of great repute, we provide our students with a multidimensional dynamic perspective on education to give them a cutting edge at competitive platforms when they go to universities and colleges of national and international recognition.

In recognition of setting up exemplary standards of education, the school has been awarded the 'International School Award' by the British Council's flagship Global School Programme.

An across-the-board melting pot of international thoughts is created by partnering with Generation Global Foundation, Entrepreneur School Business Project Teach A Man To Fish', Rotary International, Polish Culture Centre- Poland, Russian Culture Centre (Russian Centre of Science and Culture-RCSC), Confederation of UNESCO Clubs & Associations of India (CUCAI), and schools in China, USA, Pakistan, Indonesia, Poland, Germany, Ireland to name a few. The school partners with Rotary International's Interact Club, Sri Sathya Sai Vidya Vahini, Goonj, Helpage and has its own in-house community service units - 'Community Outreach Club' and 'Project Ishwar'- to reach the children of inmates in District prison.

Students are encouraged to think globally and act locally and extend meaningful help to the marginalised sections of the society so that they surge with self-confidence and joy that comes with sharing and caring.

School's contributions in extending services to the community, have earned us Peace Through Service Award and Tiranga Badge Award. Partnered with Tynker, Gurukulites learn coding as a part of syllabi mapped with curriculum.

# The Admission

To be a member of the Gurukul family one needs to subscribe to the school's values and approach towards education. Preference is given to siblings, children who live in proximity to the school, and those who express an uncommon level of passion or excellence in any field.

You need to register your child after meeting the Admission Counsellor. Registration can be done online or offline. Once the registration formalities are completed, admission is made on the basis of an informal interaction with the child, in order to get an insight into his/her readiness to join the school, the developmental milestones and special needs, if any.

The admission for all classes is done with a completely fair and transparent process. The acceptance of admission shall be notified online and telephonically only to the parent/ guardian. Fees must be paid within the stipulated time in the offer of admission. Non- attendance/ non-payment of the fee on the required day shall mean the cancellation of admission. After admission, the child shall be allotted the class and section.

The school shall lay emphasis on scholastic & co-scholastic skills of the child, keeping in view the limited seats available. Scholarships are given to the deserving and meritorious candidates.

**The age eligibility for the Pre-Primary Classes is as follows:**

- Bal Vatika - for students aged 2 years and above (on or before 31 March of the calendar year in which the admission is sought)
- Bal Vatika 1 - for students aged 3 years and above
- Bal Vatika 2 - for students aged 4 years and above
- Bal Vatika 3 - for students aged 5 years and above
- Class 1 - for students aged 6 years and above

**List of the Mandatory documents required at the time of Registration & Interaction**

- 1. Self attested copy of Date of Birth Certificate issued by Municipal Corporation/ equivalent up to class I
- 2. Copy of the report of previous class, for class I onwards
- 3. Photographs-2 passport size of Student and 1 each of parent
- 4. Copy of Identification Proof of Parent (Mother & Father both)
- 5. Copy of Address Proof

**List of the Mandatory documents required at the time of Admission**

- 6. Copy of Aadhar Card of both the Parent & Student
- 7. Medical Fitness Certificate of Student

**Mandatory documents required at the beginning of the session:-**

- 8. Previous Class Report and duly signed TC before joining the classes.

\*T.C to be signed by Area Education Officer in case the previous school board is other than CBSE.

# The Campus at Crossings Republik

The cute, compact, concept based framework of the Crossings Republik Campus- the campus in a township- is endowed with an insightful infrastructure to contrive the best learner-centric modules of teaching and learning.

Developed on the latest in vogue - BALA concept (Building As Learning Aid) the five storey architectural marvel is centrally air- conditioned. The beautifully synchronised vaulted ramps create colour-filled intersections between classrooms, skill studios, corridors, floors and the rooftop play-space, to make the learning trajectory a fun-filled experience.

The multiple-utility spacious hall, cyber play-station, aerobics, dance and yoga studios are substantially designed to transform the learning junction into a treasure trove. The child friendly construction is emblematic of the best that can ever be offered in a world class progressive educational institute.
